

NEW PROPOSAL TO BE OFFERED TO AID FARMERS

Federal Board, Working With Cooperatives, Is Suggested To Stabilize Prices.

PLAN IS OFFERED BY ADMINISTRATION

\$300,000,000 Revolving Fund With Central Control Is Proposed To Meet Farm Relief Cry.

BY PHILIP KINSLEY.
(By Special Wire to the Constitution and The Chicago Tribune.)
Rapid City, S. D., July 31.—Stabilization of farm produce prices through a federal farm board, with a revolving fund of \$300,000,000 working through farmer cooperatives with central control is the plan of administration leaders to meet the farm relief issue in the next congress, it was learned today.

This plan has been developing through the spring and summer, through conferences and correspondence, particularly with middlewestern farm experts, and is intended to offset the vigorous efforts which the McNary-Haugen farm bill advocates are planning to make in a political and legislative way this fall.

President's Mind Open.

The president's mind is undoubtedly still open on the subject but a plan has been definitely worked out by his advisers, national in scope, said to be without injury to the country as a whole, by which the government will attempt to do for the farmer what the federal reserve board now does for the banking and business interests.

Secretary Jardine, Secretary Hoover, Eugene Meyer and others high in administration circles, are said to have approved it.

The growth of the cooperatives, particularly the way in which the wheat pools are forming, have led to this method of legislative approach to the problem. At the same time production, it is hoped, will be brought more nearly in line with consumptive requirements. The idea proposed would place a premium on cooperative membership among the farmers who have hesitated to sign on the dotted line because it makes provision for liberal advances to farmers when their products are delivered and gives to the members the profits from the marketing machinery which it is proposed to establish.

Legislative Program.

The legislative program is as follows:
(1)—A federal farm board of three members to be appointed by the president and the secretary of agriculture. With the credit resources provided the board would assist in stabilizing markets for farm products against excessive fluctuations such as the federal reserve board influences interest rates and stabilization of financial conditions.

(2)—Advisory councils consisting of seven members for each commodity would be selected by the board from names submitted by cooperative associations. The councils would bring farm sentiment to play in the activities of the board and in cooperation with the board could place before farmers a more complete picture of supply and demand and could carry down to the individual farmer through the different associations a constructive production program based upon the facts now available from a number of sources.

(3)—Commodity stabilization corporations would be established by the board and in order to centralize control and responsibility, but one corporation would be formed for each commodity unless the board should determine that more effective results could be secured by more than one. These corporations could be formed as subsidiary corporations of interest of cooperatives. The board of directors would consist of five members, three representing the cooperatives and two representing the government, to be named by the board to represent.

Hope Springs Anew As Navy Delegates Postpone Meeting

It Is Admitted, However, British Have Shown No Signs Yet of Accepting U. S. Proposal.

TEXT OF CLAUSE IS MADE PUBLIC

Gibson Tells British Diplomats That His Government Concur in His Stand.

Geneva, Switzerland, July 31.—(AP)—A sensational development emerged tonight from another amazing day in Geneva's amazing tripartite naval conference—for by mutual agreement the plenary session arranged for tomorrow, which most delegates believed would sound the dirge of the conference, has been postponed until either Wednesday or Thursday.

This in itself is said in conference circles to be a somewhat favorable sign, but the belief is expressed that it would be a grave error to assume that it necessarily implies the salvation of the conference.

Excessive optimism would be ill-founded, observers say, because the British delegation has as yet shown no signs of accepting the American request that the United States be given complete freedom in its construction of eight-inch gun secondary cruisers within the total cruiser tonnage which may be allocated to her. If no agreement on this vital question is reached by the middle of the week and the plenary session is actually held then, all indications seem to point, in the belief of the observers, to the probability that the conference will collapse on that occasion.

If the members of the other delegations had any doubts whether the American government, including President Coolidge himself, is backing Hugh S. Gibson, chief American delegate in his insistence on cruiser liberty, they were dispelled today in no uncertain manner. Mr. Gibson told W. C. Bridgman, head of the British delegation, that the American government had entirely concurred in the rejection of the British plan announced by Mr. Gibson when that plan was presented yesterday.

Probable Action.

Reliable information indicates that if no solution of this crucial cruiser problem is found by Thursday and the British still insist on a public session, Mr. Gibson will make a public statement of the American viewpoint in moderate but firm language and then will recommend.

3 CONVICTS DIE OF WOOD ALCOHOL

Two Others Are Reported in Serious Condition at Oklahoma State Penitentiary.

McAlester, Okla., July 31.—(AP)—Three convicts of the Oklahoma state penitentiary are dead, and two others are in the prison hospital in a serious condition from drinking wood alcohol in the prison early today.

The dead: Robert Barnett, serving a 35-year sentence for highway robbery.

Joe Wilson, serving 18 months on a narcotics charge.

J. D. Williams, serving three years for burglary.

Those seriously ill are: Otho Barnes and Eugene Wade, serving terms for robbery and burglary.

AIMEE'S MOTHER DEMANDS '50-50' FOR HER SHARE

Mrs. Kennedy Says This Is the Only Basis Upon Which She Will Consider Settlement.

Los Angeles, July 31.—(AP)—A "50-50" split of the fortune Aimee Semple McPherson and her mother, Mrs. Minnie Kennedy, have amassed in their religious activities of the last few years was declared today by Mrs. Kennedy to be the sole basis upon which she would consider settlement of her feud with her evangelist daughter.

Mrs. Kennedy listed property surrounding Angelus Temple, which she said should be divided in any settlement. Of the properties she listed, \$65,000 worth were said to have been acquired during the last year. She said she would not go into details concerning the amount of money involved in her plan of settlement, but said that the huge temple and the magnificent Bible school which adjoins it would not enter into consideration.

Temple Not Affected.

The mother and former business manager of the temple evangelist emphatically declared that under no circumstances would she enter upon a plan of ending the present squabble with her daughter which would affect the future of the temple.

She declared that her demand for an equal division of the personal wealth accumulated in the religious enterprises was based on the same principle as that which governs the "grabbing" of prospectors.

"Mrs. McPherson didn't have anything when I joined her," her mother said, "and it was my money which financed our work and which ultimately brought Sister to the leadership of the greatest individual church in America."

"When we started we agreed to go 50-50 on everything we made during the ensuing years and it is upon that agreement that I want her to settle."

"Too much watermelon and lemons interfered with conferences with her daughter," Mrs. Kennedy told reporters.

Bats Watermelon.

"I can't talk to her," she said. "Every time I try to talk to her, she says she just eats watermelon and drinks lemonade."

I have never been asked to entertain a proposition as coming directly from Mrs. McPherson," Mrs. Kennedy continued, declaring all of the so-called plans for a settlement have been drafted by a committee which Mrs. Kennedy refuses to recognize as having authority to submit a proposal.

Mrs. Kennedy indicated that while she would entertain an offer to re-

SON OF FORMER PRESIDENT DIES

Rutherford Hayes Had Been in Bad Health for More Than Year—End Comes in Florida.

Tampa, Fla., July 31.—(AP)—Rutherford Platt Hayes, son of the late President Rutherford B. Hayes, and thought to have been the oldest descendant of a former president of the United States, died here today. Mr. Hayes had been in declining health a year longer, but his condition did not become serious until the last few days. He was brought from his home at Clearwater Thursday to a hospital here.

Funeral services will be held at the Hayes home in Clearwater tomorrow afternoon. The body will be taken to Orlando for cremation Tuesday.

Mr. Hayes was 69 years old, having been born in Cincinnati June 24, 1858. He is survived by his widow, Mrs. Lucy Platt Hayes; two sons, William P. Hayes and Birchard P. Hayes, of Clearwater; a sister, Mrs. Francis Hayes, of Bryant's Pond, Me.; a brother, Colonel Webb C. Hayes, of Fremont, Ohio, and a granddaughter, Lucy Rogers Hayes, of Clearwater.

Mr. Hayes had made his home in Clearwater the last seven years. Prior to that he spent several years at Unadilla, in Lake county, before coming to Florida he made his home for some time in Asheville, N. C.

Colonel Webb Hayes, the only surviving brother, lives on the old Hayes homestead in Ohio, which was the home of President Hayes prior to his term in the white house.

He never held political office, although his friends in the state had often urged that he seek public office the last few years.

The ashes will be taken to Fremont, Ohio, and interred later, the time for which has not yet been determined.

Mr. Hayes was graduated from Cornell in the class of 1880. He then studied at the Boston School of Technology one year.

At the time of his death he was chairman of a savings and loan association in Asheville, N. C.

Mr. Hayes lived in Asheville, N. C., nearly 20 years where he acquired a valuable estate. Several years ago this was taken into the city limits and subdivided and sold.

This paper will find opposition among a group of councilmen who

BOMB WRECKS 10 RESIDENCES IN OHIO TOWN

Loss of \$100,000 Is Caused in Canton and Several Families Have Narrow Escape.

LABOR TROUBLES BELIEVED CAUSE

One Bomb Explodes in Home of Coal Magnate, While Second One Fails To Go Off.

Canton, Ohio, July 31.—(AP)—The home of William G. Maxwell, president of the Thomas and Maxwell Coal and Coal company, here, was badly wrecked when a bomb exploded in the basement of the house at 3 o'clock this morning. No one was injured, although police estimate damages at \$100,000.

A second bomb, which failed to explode because the fuse did not burn properly, was found under the front of the house. The first bomb was planted in the basement near the rear of the house, and completely demolished that section of the Maxwell home, boring a hole 15 feet in diameter and several feet deep in the rear yard.

Maxwell and his wife, the only occupants of the house at the time of the explosion, were asleep in the front bedroom of the second floor and escaped injury. Had the second bomb exploded the probably would have been killed.

The home of Albert Thomas, next to the Maxwell home, was badly damaged but Thomas, his wife, and two children, who were asleep, escaped injury. Window frames were blown out of other houses, windows were shattered and furniture in several ruined.

Police pushed their efforts to apprehend the conspirators in the bombing plot tonight, but were without clues to aid them.

CHEERING THOUSANDS GREET BOBBY JONES, GOLF WIZARD, HOME FROM LATEST TRIUMPH

HIGHWAY WRANGLE DELAYS ESSENTIAL WORK OF SENATE

Controversy Over Holder Successor Has Thrown Upper House Hopelessly Behind Schedule.

BY THE ASSOCIATED PRESS.

Even if members of the senate should decide this week to cry quits in their controversy with the executive department over the retention of John N. Holder as head of the state highway department, as week-end rumors suggested, the upper chamber would face an all but impossible task for the remainder of the session.

So engrossed has the senate been in its wrangle over appointments sent to it by Governor Hardman for ratification that only one general bill of any importance was given final consideration and passed last week. That was the Thompson highway system reorganization bill.

Senate observers declared the upper house at least ten days behind the house of representatives as far as work on the regular calendar is concerned, as a result of concentration of all forces on the Hardman-Holder controversy.

House Does Better.

The house, on the other hand, with neutrality forced on it by the lack of entryway into a controversy which concerns only appointments with which it does not deal, buckled down to real work and cleared away four of the most controversial questions with which it was faced, leaving the way all but open for appropriations and tax bills.

With little real opposition to the main principles involved, the lower branch during the past week voted to reorganize the highway board, the Doyal income tax bill, and passed bills amending the marriage license law so that only persons less than 21 years of age could marry; cutting the oil inspector force from 190 to 10; and raising the gasoline tax from 3.12 to 4 cents per gallon to cover the inspection fee abolished by the oil inspector law, and requiring monthly instead of quarterly payment of the tax money to the state.

Talk of the necessity of an extra session "unless something is done and done now," has grown more general.

Atlanta's Famous Son Returns With Laurels

BOBBY JONES.

Young Groom Bishop Hits Loses Bride Paris Divorce, Nuptial Night Trial Wedlock

Girl's Father and Mother Invade Home and Kidnap Daughter.

(By Special Wire to the Constitution and The Chicago Tribune.)

New York, July 31.—At 9:30 a. m. yesterday Jack La Grus, 23, son of Mr. and Mrs. John La Grus, of Washington Heights, whose father is in the exporting business, went to the municipal chapel with Miss Roslyn Bornheimer whose father, Julius Bornheimer, is in the banking business. They obtained a license and were married. Henry Hoffman and Mrs. Flo Silverstein were their attendants.

Intending to leave on their honeymoon today they went to the Silverstein home, also in Washington Heights, for a wedding breakfast. They retired last night.

At 1:30 a. m. Julius Bornheimer, father of the bride, climbed into the window of Silverstein's home. He then opened the door to admit Mrs. Bornheimer, the bride's mother, and the couple's parents. The Bornheimers, after a rather heated scene, took their daughter home with them protesting she is 17, eight months under the age of legal marriage without consent. La Grus remained at the Silverstein's apartment. He promises to go to court to recover his bride who, he insists, is of age.

Letter Addressed to Georgia Farmers Urges Them To Write Own Legislators.

Georgia farmers are asked to write to their state senators and representatives, seeking support of certain measures advocated by Eugene Talmadge concerning the taxation of fertilizer, analysis of fertilizer, sale of tick-free hides and giving farmers information concerning fertilizer ingredients, in a letter sent out to the farmers Sunday by Commissioner Talmadge.

The letter, outlining his views, is as follows:
"Each ton of his fertilizer the farmer pays a tax of thirty (30) cents. He should know the number of pounds of each material used."
"He is entitled to know what he buys, he is entitled to buy what he wants."
"He is entitled to protection. The commissioner of agriculture should be authorized to use a part of the thirty-cent tax to recover for the farmer any shortage."

"Georgia has spent millions to develop a fertilizer industry. The farmer is entitled to have help in regulating insect pests and plant diseases. He should have this help from an official whom he elects and not from a board which has no voice in choosing."

"Experimental work should be done at the experimental station. Tick-free Georgia hides should not be sold on an equality with hides from tick-infested sections. Hides are now going before the legislature which will give the farmer this protection."

"Special agents are swarming in the jobs of the capitol seeking their defeat."
"Will the farmers of Georgia ask their representatives and senators to vote for these bills?"
"Will you devote a few minutes in writing to your senator and your representative to let them know that you are interested in these measures and wish them passed?"
"Will you help put into effect the things for which you voted last year?"

MASSED THROGS AT STATION MEET VICTOR OF LINKS

Parade Through Heart of City Follows Arrival at Terminal Station at Five-Forty P. M.

CROWDS BRAVE RAIN TO WELCOME 'BOBBY'

Dinner at Athletic Club Climaxes Enthusiastic Reception to Atlanta's Best-Known Son.

BY WHITNER CARY.

Bobby Jones, the "Iron Duke" of golf, returned to his own people Sunday afternoon.

And those people, the citizens of Atlanta and of the state of Georgia, showed in no uncertain way not only the pride they felt in their favorite son winning the British open championship for the second time in two years, but in the love and affection they bore toward Bobby Jones, the man.

They showed it by an outpouring at the Terminal station to greet the arrival of the 1927 British champion that would have done honor to a world ruler. They showed it by the countless thousands who lined the pathway of the parade that took the returned hero and his wife from the Terminal station to the Athletic club. And they showed it in still more eloquent fashion Sunday night at a dinner tendered him at that club.

It was just a little over a month ago that Bobby Jones, with his wife, arrived at Oakland and the loss of his American open title forming an ugly silhouette in his mind, started out to cross the ocean in an attempt to retain his other major golfing crown—the British open championship.

Sunday that name Bobby, a trifle more sunburned, a few weeks older, but wearing the same lovable smile and blushing in the same boyish manner, stepped from the crack train of the Southern railroad with his British title, safe; with the record of having set a competitive mark of 285 for 72 holes over the difficult St. Andrews course; with the acclaim of two hemisphere ringing in his ears, into the waiting arms of an Atlanta eager to pay him homage.

Crowds Brave Rain.

The weather early in the afternoon looked as if the gods of rain had decided to play traitor to the cause and attempt to curtail the reception. Instead, the lowering canopy only served to accentuate the popularity of Bobby, for the crowd failed to stay away. Just before train time the rain gods gave up in disgust and joined with the reception committee and the thousands present to greet and to look upon the man who is acknowledged the greatest golfer in the world.

A wait at the station for those early birds who wanted to make sure to be on hand to greet the hero, and then from out the misty afternoon came the blast from the whistle of the incoming locomotive. Then many blasts in succession. For the hand that pulled that cord knew that royalty rested under its keeping, that royalty was approaching a welcome and with the aid of pent up steam added a few staccato elements at the expense of the boiler.

A grinding of brakes, a mad rush to the front car by the fortunate few who had slipped through the gates. And from the steps of that forward car stepped the man whose name has become immortal in the birthplace of golf.

Hasty Greetings.

A few hasty greetings to friends, the quick posing for flashlights and Bobby and his wife go up the steps. With the appearance of the champion at the gate the police hand strikes up a stirring march and amid the cheers

The Weather.

PARTLY CLOUDY.

Washington.—Forecast: Georgia.—Partly cloudy with local showers in the interior Monday and Tuesday.

Virginia.—Partly cloudy Monday, preceded by showers in southeast portion and followed by thunderstorms Monday night or Tuesday; not much change in temperature.

North Carolina.—Local thunderstorms Monday and Tuesday.

South Carolina.—Partly cloudy with local thunderstorms in the interior Monday and Tuesday.

Florida.—Extreme Northwest Florida, Alabama, Mississippi—Local thunderstorms Monday and Tuesday.

Kentucky.—Fair Monday, followed by thunderstorms in afternoon or at night; Tuesday fair in west, thunderstorms in east portion; not much change in temperature.

Here's the Difference

When an accomplished craps shooter, intuitively feeling that he will succeed in "making his point," rolls forth the bones, he warns his opponent in this wise: "Read 'em and weep."

The Constitution, knowing it's entirely to your advantage, advises that you peruse Constitution ads for quality merchandise at lowest prices, with this admonition: "Read 'em and smile."

ADVERTISING IN THE CONSTITUTION PAYS THE ADVERTISER AND SAVES THE BUYER

Here's a Situation Slated To Start You To Thinking

Here's a headline published on the first page of an Atlanta newspaper last Thursday afternoon that should make you stop and think:

"Auto Deaths Exceed Toll of War." In the accompanying story, the Associated Press in Washington stated that the National Automobile Chamber of Commerce figures for the United States showed that "more people have been killed by automobiles during the past eight years than the American soldier dead in the world war."

No matter where you live, what vacation you follow or how careful you are, the mighty wave of traffic accidents that is always on the upgrade is a serious menace to you as the head of a family and it is the future security of your family, for your family is dependent on you.

Insure yourself against this great common danger. Insure your family. You can do so cheaply and efficiently under the terms of The Constitution's offer to you of the famous \$7,500 travel accident policy issued by the North American Insurance company, of Chicago, an old and reliable concern which has paid more than \$50,000 in claims of Constitution policyholders.

The policy provides for payment of sums ranging downward from \$7,500 in case of death resulting from certain accidents; heavy cash payment for permanent injuries and \$10 weekly indemnity for disability resulting from the stated accidents. And the cost is only \$1.25 per year—a fraction of a penny a day.

A train wreck, a crash of automobiles, the speeding wheels of an on-rushing car or a burning building may leave you a victim of the ever-growing wave of accidents today.

In this paper appear regular advertisements supplying full details of the great offer. Watch for them.

ANNUAL REUNION OF CAMP, LINDLEY FAMILIES, PLANNED

The annual reunion of the Camp and Lindley families will be held at Grant park on the second Wednesday in August. A picnic dinner and memorial services for the ones who died during the past year will be features of the occasion. The memorial address will be delivered by Jack Camp, of Dallas.

These Camp-Lindley reunions have been held for the past 45 years and are largely attended. Last year the attendance reached 632 and it is hoped that the coming occasion will see an even greater number present.

ANNIVERSARY SERMON PREACHED BY STINSON

Preaching the anniversary sermon Sunday morning of Smith chapel A. M. E. church, East Mason avenue, the Rev. E. H. Senior, pastor for the last eight years, the Rev. Richard D. Stinson, used the following as a text: "Trust in the Lord and do good so shalt thou dwell in the land and verily thou shalt be fed."

Said he: "You founded this church, and with an humble band of Christian followers you have accomplished very much good for the reason you have striven to keep yourselves in harmony with God as is taught in the Bible."

"You have, no doubt, sought to keep yourselves in harmony with your neighbors and with those things which would make you useful in the communities where you have lived. It may be said that the conduct and behavior of the pastor of this church that he has been requested each year for eight consecutive years to return and to make this church a light in this community."

"As I understand the mission of the Christian church is to save and build up the people in the things of right, goodness and truth. And as a rule the masses of the humble people will follow an intelligent and godly leader in the things that go to build up the church."

"Our race has made remarkable progress in the last 65 years and we attribute it more to Christian leadership and practical education than to anything else. The negro race is rising to prosper and render great service and overcome what seems to be his trial and tribulation if he will keep God as his guiding star."

"If we read the Bible carefully and prayerfully the temptations and things that seem to beset us are mentioned and the remedy for them is faith in God and to rely on His promises."

"Too often the representations of those who direct and lead us may be a direction different to the ways of God and there is nothing to be expected but trouble, but the Word of God is sure."

After the sermon Pastor Senior had a few words to say about how they had struggled to erect the church and how the Sunday school had grown and the membership had striven to stand back of the work they had accomplished.

The pastor has a large family and is about 50 years old. He is regarded as one of the best men in the conference. The congregation was large and attentive. Christianity with the proper leadership is a way out of the wilderness for the great mass of the people.

WEATHER POSTPONES LAKEWOOD PROGRAM

Inclement weather Sunday afternoon at Lakewood park forced postponement of a series of dramatic stunts scheduled by Pop Dean, nationally famous aerial performer.

Dean announced that he will make several jumps in the near future, the exact date to be set later, and expressed regret at having to defer his stunts Sunday afternoon.

The band concert slated to be rendered by the 122nd infantry band, Georgia national guard, also was postponed until next Sunday afternoon.

VIRGINIA TO NAME ASSEMBLY TUESDAY

Richmond, Va., July 31.—(AP)—Voters of the Old Dominion in the state democratic primary next Tuesday will trek to the polls to express their choice of candidates for seats in the Virginia general assembly. No other offices within the province of the state will be filled at this time.

Regardless of the outcome administration leaders say there is no doubt of the approval that will be accorded governmental changes sponsored by Governor Harry F. Byrd. In the light of campaign speeches, the short ballot is virtually the only administration rock upon which candidates for the senate and the house of delegates have divided their contests for nomination.

GREENSBORO TRUCKS PRODUCE TO FLORIDA

Greensboro, Ga., July 31.—(Special.)—An outlet for some of the immense quantity of melons, fruit and vegetables grown in this section has been found by establishing a truck service to points in Florida. G. C. Hardy, of Jacksonville, has been negotiating the trucks and County Agent West is supervising the loading and crating.

NEGRO SELLS FIRST BALE AT FITZGERALD

Fitzgerald, Ga., July 31.—(Special.)—For the third consecutive year Grant Lewis, a negro farmer, has gathered the first bale of Ben Hill county cotton, bringing it to market last Thursday. Henry Tomberlin of Wilcox county brought in the first bale for his county Wednesday and sold it on the local market for 22 cents per pound.

FITZGERALD SHERIFF CAPTURES PRISONER

Fitzgerald, Ga., July 31.—(Special.)—George Fletcher, who escaped in May, 1926, while en route to the state farm, was recaptured last week by Sheriff Dorniney and his deputies and was returned to the state farm. Fletcher was convicted of forgery at the 1926 spring term of Ben Hill superior court and sentenced to one year in the penitentiary.

DEPUTY SHERIFF, ATTENDING PRAYER MEETING, IS KILLED

Athens, Tenn., July 31.—(AP)—John H. Ward, 65, deputy sheriff of McMinn county, was shot and instantly killed by unknown assassins, last night, while he was sitting at prayer meeting at the Brushy Creek school house, 12 miles southwest of Athens. Officers assert that a charge of buckshot fired at close range from outside the building entered the left side of his neck. He died instantly. The party who fired the fatal shot had not been apprehended tonight. Ward leaves a widow and two adopted children. Ex-Representative Ben P. Ward, of this county, was a brother.

Nine years ago almost to the day, Ward shot and killed John and Bob McCracken on the same school house grounds and was acquitted of the charge of murder on a plea of self-defense. No motive for the killing could be advanced by officers.

Democrats Close Campaign Today In Mississippi

Jackson, Miss., July 31.—(AP)—Progressive economy as opposed to a state school book printing plant, state manufacturing and road system will face a barrage of ballots in the democratic primary election in Mississippi Tuesday.

M. S. Conner, of Seminary, former speaker of the state house of representatives and a candidate for governor in 1922, favors a continuation of the economical administration that has been in effect since the election of the late Governor Whitfield with modifications.

Dennis Murphree, of Pittsboro, who succeeded to the gubernatorial chair several months ago when Governor Whitfield died, is in favor of a continuation of the same policies with no modifications.

FLOOD LOSS OF LIFE IN INDIA IS REDUCED

Bombay, India, July 31.—(AP)—telegraphic communication with Boroda has been restored and dispatches show that while the city and sections near by had been under water for three days, reports of wholesale casualties are unconfirmed and it is untrue that the Ajwa Jam burst. The death toll in the city is placed at 50 while in other sections it is not expected to exceed 100.

The death toll romance came to light today. Realizing that he was probably fatally ill Martin sent word to the sweetheart of his youth and four weeks ago she came to Miahakwa, four miles east of South Bend, to care for him. Friday when the end was near, Martin called his lawyer and Justice of the Peace Mand Gordon, of Miahakwa, to his home and the marriage ceremony was performed. Mrs. Nicely was his sweetheart in the days of his youth. Martin's first wife died about 20 years ago, since which time he had led a lonely life on his 25-acre homestead near here.

WOMAN MARRIES OLD SWEETHEART AS DEATH NEARS

(By Leased Wire to the Constitution and The Chicago Tribune.) South Bend, Ind., July 31.—A bride on Friday, a widow on Saturday. This is the record of Mrs. Lewis M. Martin, formerly Mrs. Pauline Nicely, of Defiance, Ohio.

One of the women, listed at Coney Island hospital as Eva Payas, 30, of Mount Arlington, N. Y., was severely burned about the face and body. The other three were treated for minor burns. Robert Donneworth, owner of the launch, said the engine backfired, igniting the hull.

CLOTHING ON FIRE, WOMEN IN LAUNCH JUMP INTO BAY

New York, July 31.—(United News.)—After hesitating until their clothing was afire, four women leaped for their lives from a burning motor launch into Sheepshead bay Sunday. They were rescued by Walter Devito and George Berganiller, of Brooklyn, who jumped into the water from a small motorboat and dragged them ashore.

One of the women, listed at Coney Island hospital as Eva Payas, 30, of Mount Arlington, N. Y., was severely burned about the face and body. The other three were treated for minor burns. Robert Donneworth, owner of the launch, said the engine backfired, igniting the hull.

Entering Oglethorpe Students desiring to enter Oglethorpe University should matriculate at once. Catalogue and Bulletin on application. Address: Thorndell Jacobs, President, Oglethorpe University, Georgia.—(adv.)

Furniture Determines the Home's Personality

THE unfurnished house is like a theater's empty stage . . . Lifeless, unpeopled, inhospitable, silent . . . it waits for the creative, transforming touch . . .

Take just one room and place a graceful table there . . . and comfortable chairs. Lay a carpet or rug of warm, harmonious design and colors. Hang a print or two . . . a painting . . . perhaps a chaste wall mirror. Set floor lamps casting a subdued, tinted glow over the scene. Behold!—a personality has entered this house . . . here is a room to live in.

Your home is the stage whereon you tell the story of your family . . . from earliest infancy to old age. You are the artist, the designer, and the director. In flat or apartment, bungalow or mansion, the furnishings you choose and place there reflect your taste . . . your spirit . . . your mind and character.

With the years come pleasant associations. Memories spring up around the furnishings which clothe the home interiors. In this dainty bedroom a little son was born . . . and a little daughter. In this dining room, family reunions have been held. This li-

brary has seen a 'heap 'o living.' Growing up from childhood to maturity, youthful characters take depth and design from their home life . . . their home surroundings. Family furniture is a cherished heirloom remembered long after manhood and womanhood have been attained.

And what of middle age? When old friends come often to visit the home of comfort . . . and happiness. Whether social activities increase or decline at this period, appreciation of home surroundings grows with the passage of time. Then old age brings full realization of the home as life's center of existence . . . "There's no place like home."

We are ready to plan with you, to offer you every help in furnishing your home, and to serve your Furniture interests best.

The finest collection of Furniture, Rugs and Draperies ever displayed in the entire South here for your selection.

Surprisingly low prices for the quality merchandise displayed at our store is due to our policy of selling strictly for cash, conducting never a special sale and having the advantage of a long lease with very low rent.

Bolshevizing the Old Book

BY SAM W. SMALL.

Dr. Dodge's Repudiation of the Bible Brings Up Some Vital Issues.

If we are to assume, as is but just to him, that Dr. Dodge, in his evolution letter printed in The Constitution of Sunday, put his best foot forward in vindication of his theory that the Bible is a literary rummage bag of ancient myths, legends, folklore and scientific fables, then I have only pity for the cult of which he makes himself a champion.

It is my candid belief that he will find it hard, in this Christian city of Atlanta and religious state of Georgia, to laugh off an almost universal repudiation of his basic statements.

"The Christian faith is not based on the Bible," said Dr. Dodge.

"The Christian faith is not based on any theory of the Bible, or even on the Bible itself."

There is a Japanese language or *lapus penne* in those boldly repeated declarations!

It does not matter a soy-bean to me, or to any one else, I imagine, how Dr. Dodge takes the content of his morning coffee-cup, but it does matter tremendously to those who offer to lead and follow him, that the content of the Bible—how much he spits out? that is the gravamen of our interest in him.

Dr. Dodge's Big Conundrum.

Dr. Dodge asks me two leading questions which he evidently thinks are knotty. The first one is: "Does embracing of the helio-centric in place of the geo-centric theory of the universe necessitate the repudiation of the Bible?"

The second question is: "Does embracing of the helio-centric in place of the geo-centric theory of the universe necessitate the repudiation of the Bible?"

In my Bible I do not find any discussion of the helio-centric and geo-centric theories. I do not find any dictum by Moses, the recorder of the revelation of Creation, that the universe is geo-centric. Moses was learned in all the lore of the Egyptians, their polytheism, their astrology, their political, industrial and social philosophies, and yet not one of them appears in the system of laws, monistic worship and rituals, domestic, religious, or political, with which he invested the redeemed Hebrew people during the forty years between the Red sea and Canaan. The omission by Moses of most of the supposed knowledge and common lore of science of his age from his accounts of Creation and his statutes and judgments is one of the supreme miracles of human history.

The fact is that Moses was neither the author or follower of Ptolemaism, but without scientific organization, astronomy, geology or any other modernology, he told the story of Creation in the exact order that all theologies of today confirm. How he happened to do that without divine revelation I leave to Dr. Dodge to unravel.

Dr. Dodge's Second Teacher.

Dr. Dodge asks "does the theory that the earth is round and not square necessitate the repudiation of the Bible?"

But who said in the Bible that the earth is square? We have been discussing the validity of the Genesis revelation of Creation and in that I fail to discover any geometrical statements as to the squareness, the cubicality, or the sphericity of the earth. This question is answered in which God has "made foolish the wisdom of this world." So I do not hesitate to deny Dr. Dodge's statement that "the theory of the earth being round is in favor of either the geo-centric or the helio-centric."

Doctor, Please Take Stand!

Having frankly answered to the cross-examination by Dr. Dodge, I now invite him to take the stand and answer a few questions arising out of his proclamations. They are—

Doctor, do you believe in God, or in the "resident forces" in Nature?

Doctor, do you believe God was omnipotent enough to make Man as Moses says He did? If so, why do you limit Him to the so-called evolutionary method?

Doctor, do you believe Jesus was conceived by the Holy Spirit, or was He, in your opinion, evolved from insensate protoplasm?

Doctor, do you believe Jesus performed such miracles as healing the palsied by word of mouth, opening the eyes of the blind from birth, casting out evil demons, and raising the dead?

If He did, what becomes of your evolution doctrine, that cannot admit a miracle at any point of the cosmic process?

Doctor, do you believe in the resurrection of Christ? If so, does not that historic fact destroy the whole theory of evolution, root and branches?

When the good Doctor shall have given specific and understandable answers to these simple questions, we may find it necessary to re-examine the foundations of Christian faith!

GIRL CHRISTENS AIRPLANE BUILT FOR ROME FLIGHT

Curtiss Field, N. Y., July 31.—(United News.)—A bottle of water crashed over the nose of a Fokker monoplane Sunday, a pretty girl said, "I christen thee Old Glory," and the newest trans-Atlantic ship was practically ready to take the air.

Miss Theresa Tassoni swung the bottle on the plane in which Lloyd Bertand and James De Witt Hill, air mail fliers, hope to fly to Rome and back before August 10.

Many notables attended the christening, including F. Trubee Davison, assistant secretary of war, in charge of aviation; Giacomo De Martino, the Italian ambassador, and Admiral Charles P. Plunkett.

The plane, powered with a Bristol motor, has behaved beautifully on test flights.

EMORY STUDENTS PLAN CHAPEL EXERCISES

Emory University, Ga., July 31.—(Special.)—Chapel services that are held during the summer school session at Emory university are to be conducted by members of the student body, according to the plans recently introduced last week. In the past all chapel programs have been in charge of different members of the faculty.

These plans were so arranged in order to arouse the interest of the students and so as to give some valuable off-hand experience to the students in conducting meetings in the future.

The members that have been appointed to carry on these daily services are E. D. Rudisill, H. L. Kingman, Paul Hardin and Frank Pippin. They are members in the Chandler School of Theology.

The Virginia Carvel
—beautiful silver

In choosing wedding silver it is quite appropriate to make a selection of a design of simplicity and beauty... charming in every detail. The Virginia Carvel is a design of this style... fine Colonial forms... dainty flower sprays and panel for monogram.

Dinner knives \$46.00 doz. Dinner forks \$49.00 doz.
Tea spoons \$23.00 doz. Table spoons \$52.00 doz.
Cold meat fork \$ 5.75 Cucumber server \$6.00
Sugar spoon \$ 3.00 Butter knife \$4.25

A very appropriate wedding gift is a complete chest of Sterling Silver in the Virginia Carvel design, which can be purchased for from \$400 to \$500.

TIPS AND TRIPS

PHOTOGRAPH BY ATLANTA CONSTITUTION

ASHEVILLE—The leading resort city of the "Land of the Sky" may be reached from Atlanta by a dozen or more combinations of roads. The

ASH through Murphy, the AFA through Clayton, the PAL to Greenville, the Bankhead to Greenville, Georgia 10 to Athens, the use via the Bankhead to Greenville, the PAL to Liberty, thence through Fickens and Rosman, through Highlands from the PAL at Westminster or from the ASH at Dillard, and many other combinations are logged in The Constitution's Southern Mountain Resort motorlog folder.

Information about conditions may be had from day to day by calling at The Constitution's travel bureau or by telephoning. The motorlog of this or other territories may be had at the bureau for 25 cents, over the counter or postpaid. They may also be had through conveniently located dealers in Atlanta and other towns and cities throughout the southeast.

In preparing these motorlogs, which give distances, explicit driving directions, type of road, etc., The Constitution's Falcon-Knight path-finders have been driven almost continuously for the past 14 weeks.

DETOURS—No trouble, due to the reported Sunday except those places that should be cleared up by this morning, provided there were no further rains during the night.

STRANGE MACHINES INSPIRED BY AIR TRIP OF LINDBERGH

(By Leased Wire to The Constitution and The Chicago Tribune.)

Minneapolis, Minn., July 31.—Curtiss Field these days is seeing all sorts of strange contrivances built for the purpose of carrying man into the air, and each one is further evidence of the stimulus given aviation by the Atlantic hop of Colonel Charles A. Lindbergh.

Ever since that momentous feat ships of all sizes and shapes have been shipped to the field for tests.

Today there were two planes on the field that looked no bigger than grasshoppers in comparison to some of the big ships.

One was constructed by Kay F. Upup, of Valley Stream, L. I. It already has been flown. With a wing spread of but 23 feet and weighing only 200 pounds, it is capable of a speed of 70 miles an hour. Called a "Heit parosol," the little monoplane is driven by a 23-horsepower, four-cylinder Henderson air-cooled motor. Its length over all is 16 feet 9 inches. It is claimed that similar planes can be turned out for \$500 each and still give the manufacturer a profit.

The other air flier is an air pilot's conception of what an airplane should be. Although only slightly larger than the Heit parosol, its wing area is considerably greater. The wing has a spread of 24 feet and a 10 feet depth. The ship is 24 feet over all. It was designed by A. B. Gaines, who will come down from Boston early this week to take it on test flights.

A two-cylinder eight-horsepower motorcycle engine is the motive power and its prop is but four feet in length, giving the monoplane the appearance of a compact little toy.

Both men began firing. Mrs. O'Connell, fearing for her husband's safety, ran between them. A bullet from Halter's pistol killed her and as she fell, a bullet from her husband's pistol clipped off one of her fingers. As she slumped to the floor her husband shot the intruder through the heart. Then he went to the nearest police station and gave himself up, saying he had just killed a man but, strangely enough, did not mention his wife. Later he gave a more detailed account of the tragedy.

HUSBAND WHO SLEW INTRUDER FORGETS KILLING OF WIFE

(By Leased Wire to The Constitution and The Chicago Tribune.)

Chicago, July 31.—William O'Connell, a concessionaire, returned to his home at midnight and went to sleep in a front bedroom. He was awakened by cries from his wife's room, where he found an armed man, later identified as Ernest Halter, advancing upon him.

Both men began firing. Mrs. O'Connell, fearing for her husband's safety, ran between them. A bullet from Halter's pistol killed her and as she fell, a bullet from her husband's pistol clipped off one of her fingers. As she slumped to the floor her husband shot the intruder through the heart. Then he went to the nearest police station and gave himself up, saying he had just killed a man but, strangely enough, did not mention his wife. Later he gave a more detailed account of the tragedy.

In the past all chapel programs have been in charge of different members of the faculty.

These plans were so arranged in order to arouse the interest of the students and so as to give some valuable off-hand experience to the students in conducting meetings in the future.

The members that have been appointed to carry on these daily services are E. D. Rudisill, H. L. Kingman, Paul Hardin and Frank Pippin. They are members in the Chandler School of Theology.

ANGLER CATCHES FISH, RECOVERING HIS WIFE'S TEETH

(By Leased Wire to The Constitution and The Chicago Tribune.)

Madison, Wis., July 31.—The latest fish story from Lake Waubesa, Wis., is vouched for by Professor E. J. Rendtorff, of the Lake Forest academy. Lake Forest, Ills. Mrs. John A. Hall, wife of a Madison contractor, spending the summer at Lake Waubesa, went in swimming Thursday. She smiled a broad smile at the coolness of the water and out slipped her false teeth into the water.

For two days Mrs. Hall fished about the spot with hooks and even felt about in the sand at the bottom of the lake in vain, so she settled down to a steady diet of milk toast and eggs.

Yesterday, her husband, who had set several night lines to catch bullheads, pulled out a few fish and started to clean them. In the stomach of one he found the missing teeth.

CONDITION OF BOY WITH BROKEN NECK STILL UNCHANGED

Florence, S. C., July 31.—(AP)—The condition of W. W. Register, 19, whose neck was broken when he dove head foremost into a swimming pool near here on July 12 and who has been making a remarkable fight for life, remained practically unchanged today, although attending physicians said tonight that his respiration seemed slightly more labored. Absolutely no hope is held out by them for his recovery, although they admit that it is little short of miraculous that he has lived this long in the condition which he is in.

Young Register was conscious at intervals today, addressing a few words to his mother once and at another time asking the nurses to turn him over. He was able to take very little nourishment today.

Anti-Evolution Activity Is Hit

By Modernists

Williamstown, Mass., July 31.—(AP) Fundamentalists are organizing a nationwide campaign to write anti-evolution legislation into the statutes of the various states. The movement is being led by Dr. Albert C. Dieffenbach, editor of the Christian Register and modernist leader, said here today.

Dr. Dieffenbach, who is attending the institute of politics now in session here, announced that he was gathering modernist forces to combat the alleged onslaught of the fundamentalists.

The world Christian fundamentalist organization, under the leadership of the Rev. Dr. W. B. Riley, of Minneapolis, is organizing a systematic political drive to throttle the teaching of evolution and implant fundamentalism by statute in every state in the union, Dr. Dieffenbach asserted.

Well-organized fundamentalist activities, Dr. Dieffenbach said, now are being carried on in at least 22 states and it is part of the plan to impose anti-evolution measures, even in the states of Pennsylvania and New York.

Modernists were helpless against the threefold onslaught of the fundamentalists and were without organization or leadership, Dr. Dieffenbach said. He predicted that the impending drive against evolution would succeed in bitter and persistent campaign of the Anti-Saloon league to bring about adoption of the 18th amendment and the prohibition laws.

REPORTERS WEARY TRYING TO FOLLOW BUD AND HIS WIFE

(Copyright, 1927, by The Constitution and The Chicago Tribune.)

New York, July 31.—The stillman and his publicity-shy bride, formerly Miss Lena Wilson, of the Quebec woods, have consistently used since their wedding a few days ago, was still dominating today as they prepared to sail on the Olympic late at night.

This morning their activities, which have turned them into the wool newspaper reporters into amateur detectives, began about 9 o'clock, when they checked out from the Hotel Shelton, where they have been in hiding since their New York arrival. From the Shelton they made a taxicab jump to the Grand Central station where they boarded a train, presumably to go to Pleasantville, N. Y. The retired bride and groom returned to the hotel where they were bound, but the Stillman summer home is in Pleasantville.

About the only news of the day from Mr. and Mrs. James A. Stillman Jr., will be interesting to ladies only. Lena was wearing a vivid shade of orange. Apparently, the young bride of the north, already has succumbed to Broadway's fashion.

The young Stillmans returned in the early evening to entertain at dinner tonight in the Stillman town house on Park avenue before boarding ship. Fowler McCormick, of Chicago, was their best man, and a few other friends were the only guests.

DIVORCED WOMAN LEAPS INTO LAKE TO END HER LIFE

Chicago, July 31.—Mrs. Saide Pettit, divorced wife of Orville J. Taylor, was washed upon the beach near the city of Chicago Sunday night. Her body, unclad except for one thin undergarment, bore many bruises. There also were bruises and discolorations on her face and neck. She was first thought she had been murdered and thrown into Lake Michigan.

Later, however, a farewell note was discovered, in which she instructed her physician to bury her body and send her son to his aunt. The suicide angle was further verified by her brother, who said she had been very despondent and had threatened self-destruction.

Mrs. Pettit had once been prominent socially and was a pianist of much talent. Her first husband was James Pettit, wealthy lumberman, who died 18 years ago when Billy, his son, was six months old. The son, until two years ago, had been in a prep school, studying for Princeton, but his health failed and physicians ordered him to the Fresno ranch, near Tucson, Ariz.

Mrs. Pettit was married to Orville J. Taylor in 1916 and divorced him in 1922, charging cruelty. The court awarded her alimony of \$350 a month.

Clemenceau Leaves On All-Day Trip To Seaside Retreat

Paris, July 31.—(AP)—Georges Clemenceau, the "Tiger of France," was up before dawn today preparing for his annual trip to his seaside retreat on the Venise coast.

Having partaken of onion soup for breakfast, he motored away from Paris before 5 o'clock on the long, all-day trip to his little cottage, where his gardener had been waiting for him for several weeks.

GOOLSBY IS SOUGHT IN ATLANTA HOSPITALS

Macon, Ga., July 31.—(AP)—With new clues opening before them, one of which led officers to Atlanta, city detectives and sheriff's deputies stated tonight that developments in the disappearance of Tom Scott Goolbsy, young druggist of Forsyth, may be expected at any time.

Young Goolbsy disappeared on Saturday, July 23, his car being found on a high level bridge over the Ocmulgee river here at 3 a. m. He had been expected home in Forsyth at 11:30 p. m. Friday night, July 22.

One of the clues is said to be in connection with two inquiries received at the Macon hospital in the early morning about two hours before young Goolbsy's car was found by the police. Both inquiries were from women. One wanted to know if a man with lacerated head had been admitted to the hospital and the other inquiry was specifically as to whether T. Scott Goolbsy had been taken to the hospital.

A nurse who took both messages gave this information to the officers here tonight.

Officers working on the case would not disclose the nature of the progress that is being made in the investigation.

The trip to Atlanta is said to have been made by officers who received a "tip" that Goolbsy was in one of the hospitals in that city under another name. The officers returned tonight, checking the hospitals and failing to find him.

COMMANDER GRAYSON IN ATLANTA TODAY

Colonel William L. Grayson, of Savannah, commander of the Georgia Department of the United States War Veterans, has notified Sam C. Crane, chairman of committee, that he will be in Atlanta today at the Hotel Grand hotel, to meet and confer with commanders of the Atlanta camps.

Commander Grayson is interested in the welfare of the Georgia veterans and will continue the effort to get them into the service of the state, although not looking for a favorable action by the present general assembly.

THREE ARE KILLED IN PLANE CRASH

New Castle, Ind., July 31.—(AP)—George Myers, 35, lieutenant in the army bombing corps during the world war, and two youthful passengers were killed four miles south of here late today when Myers' plane crashed from an altitude of 200 feet. The others killed were Evan Davis, 17, son of a New Castle banker, and Paul Wise, 21, of New Castle, a student at Indiana university.

The accident occurred just after Myers, a commercial aviator, took off. Spectators said his plane suddenly dipped upward and then went into a nose spin, crashing near the hangar and bursting into flames.

PILOT IS KILLED NAVIGATOR HURT

Wichita, Kans., July 31.—(AP)—Lieutenant C. A. Pearson, pilot, was instantly killed, and Lieutenant C. William Luthy, navigator, was seriously injured this afternoon when their airplane crashed near here. The two army aviators were members of a group of the 471st observation squadron and the 324th pursuit squadron stationed at Fort Riley, Kans.

The wrecked plane was one of 17 leaving Wichita after a one-day visit on a training trip.

The home addresses of Lieutenant Pearson and Lieutenant Luthy were not available here. Letters found in Luthy's clothes indicated his home might be in Kansas City.

The accident occurred shortly after the plane had taken the air. An eye witness said that it fell about 500 feet. Army officers expressed the opinion that the plane had developed engine trouble.

A musical program was provided by Ensign and Mrs. George Wellman, Colonel Albert Bailey, chief social service officer for the southern territory, and the service was arranged by Staff Captain W. H. Range, commander of the industrial department.

BLAKELY MAN INJURED IN THREE-STORY FALL

Macon, Ga., July 31.—(AP)—Jack Hunnicutt, 40, of Blakely, Ga., jumped or fell out of a third-floor window of a hotel here shortly after daylight this morning. In descending to the concrete sidewalk he struck telephone wires, which retarded his fall and probably saved his life.

Hunnicutt is at a local hospital but doctors found no broken bones. Police who investigated said that he had been drinking.

NEW CITY EDITOR ASSUMES DUTIES ON MEMPHIS PAPER

Memphis, Tenn., July 31.—(AP)—Jack O. Carley, for four years a member of the editorial staff of the Memphis Commercial Appeal, returned today after an absence of six months to assume the duties of city editor of the paper. During the past half year, Mr. Carley has been secretary to Mayor Rowlett Paine, of Memphis. He resigned as assistant city editor to accept the secretarial position.

Carley is a British world war veteran, and former Chicago and Los Angeles newspaper man. His wife is a member of a prominent Jackson, Miss. family. Carley succeeds Sam L. Kahn as city editor. Kahn is not now connected with the paper.

SALVATION ARMY OFFICER SPEAKS TO UNFORTUNATES

The Salvation Army is working not only to carry the message of Christ into the highways and by-ways of the world but to follow the example of His life on earth in practical helpfulness to those who are in despair and distress. Colonel A. A. Chandler, chief secretary of the southern territory, told inmates of the Army Industrial home and others who attended the regular Sunday morning service at the home.

Taking his text from the story of the paralytic whom Christ enabled to take up his bed and walk, Colonel Chandler urged faith as the key to a successful life. He likened the Salvation Army to the four men who carried the paralytic into the presence of Christ where he received the ministrations which made him whole.

Three men responded to the call for penitents at the end of the sermon.

A musical program was provided by Ensign and Mrs. George Wellman, Colonel Albert Bailey, chief social service officer for the southern territory, and the service was arranged by Staff Captain W. H. Range, commander of the industrial department.

85 WITNESSES CALLED IN FLOGGING TRIAL

Birmingham, Ala., July 31.—(AP)—Eighty-five witnesses were ready to testify at the trial of seven men charged with whipping Jeff Calloway, farm youth, which opens at 10 o'clock tomorrow. Attorney General McCall, of Alabama, who directed the grand jury investigation of the flogging, will personally prosecute at the trial. Calloway, who has been held on \$1,000 appearance bond because of threats said to have been made against him, was whipped by a band of masked men allegedly for attending a church service while intoxicated.

At Florence, in Lauderdale county, five persons, two of them women, will be tried on charges of flogging Mrs. Bertha A. Slay, who told officers she was bound to a barrel and beaten while her husband and sister were forcibly detained in their beds.

The woman said the flogging followed her refusal to confess to "some neighborhood scandal." When first reporting the affair Mrs. Slay said the five persons were members of the Ku Klux Klan, but later absolved members of the sect, organization and implicated three men and two women. She recognized the women, she said, "by their long hair and small feet."

AT THE THEATERS

Erlanger.

"Wildflower," the recent Broadway musical hit with its tantalizing dance sensation, "Bambalina," will open at the Erlanger theater at 8:30 o'clock tonight for its first presentation to Atlanta in a week's run as the semi-annual offering of the Metropolitan Opera association's 1927 summer season.

Seats for performances nightly and Wednesday and Saturday matinees may be obtained at the Erlanger box office, Cable Piano company and M. Rich & Bros. company.

Keith's Georgia.

On the stage at Keith's Georgia this week is "The Doe Baker Unit Show." Mr. Baker is well remembered as a lightning change artist, and this year is offering a revue of fun, song and dance, being assisted by a large cast of vivacious and beautiful girls, dancers and singers. On the screen is "The Marriage Clause" with Billy Dove and Francis X. Bushman.

Capitol.

One of the most talked of pictures of the year, featuring three of the most talked about artists on the screen opens at the Capitol today when "The Deacon" is given its premiere. The film is "Alias The Deacon" taken from the great stage success. It stars Jean Harlow, the American foremost character actors, who plays the kindly but crooked old deacon, the beautiful June Marlowe, who plays the runaway girl, and Ralph Graves, the dashing and debonair, who plays the juvenile lead.

Loew's Grand.

One of those vaudeville bills which is keeping the name of Loew well before the public for high merit will be offered at Loew's Grand theater this week. The bill is headed by "Midget Pastimes" in which some like more than a dozen midgets provide a tiny and fair-like little revue. Other acts on the new bill will be Jean Granes in a big musical novelty; Jack Donnelly and company in "An Artist's Treat," Arthur Lord, "The Human Card Index," in a novelty number and Gaudier's Photographic Dogs. The Loew feature picture for the week will be "Outlaws of Red River," with Tom Mix.

Howard.

Paramount's thrilling and sensational story of love and adventure in the French foreign legion, "Beau Geste," which is acclaimed as one of the great pictures ever made, comes to the Howard theater today for a run of only one week. Ronald Colman leads the tremendous cast in "Beau Geste," which includes Noel Berry, Neil Hamilton, Mary Brian, William Powell, Ralph Forbes, Norman Trevor and Victor McLaglen. On the stage Al Short and his Melody Boys will

present "Hotzy Totsy," assisted by a new bill of entertainers.

What gives much promise of being a very enjoyable photoplay is "That Model From Paris," featuring Marceline Day and Bert Lytell, at the Metropolitan theater this week. Enrico Leide and the Metropolitan orchestra will feature the musical program. A Mack Sennett comedy, "Love's Last Laugh," a literary digest novelty, "Fun From the Press," and the latest issue of the Metropolitan News and Views are other features.

"Running Wild," the new comedy farce with W. C. Fields as the star, opens at the Capitol today with first showings this morning at 11 o'clock. It will run all week. Accompanying it will be the eighth episode of "The Viscountess," which is called "Not So Big," and the title gives no hint of the funny situations that help this number keep to the high standard of the previous ones of the series.

Leatrice Joy, considered one of the most beautiful of the screen feminine stars, is featured today and tomorrow at the Ponce de Leon theater in "Nobody's Widow," one that is crammed to the ultimate with action, thrills and laughs. She is supported by an able cast.

"Private Izzy Murphy" starring George Jessel and featuring Patsy Ruth Miller and Vera Gordon comes to the new Madison theater in East Atlanta for today only. "Private Izzy Murphy" is a riotous, yet tender war story of the Irish and the Jew. It's theme is tolerance; it is a melody of war, love, the delectable business, patriotism—real and false—pity, romance, peace—and the high, sunlit fluttering of Old Glory. You'll want all your friends to see "Private Izzy Murphy."

Romantic adventure is the keynote of "The Blonde Saint," the picture which brings Doris Keayon and Millie Sills to the Fairfax theater today. Besides Lewis Stone and Doris Keayon the cast includes Ann Rold, Gilbert Roland and Cesare Gravini.

Twenty stations in New York were notified by letter that their broadcasting permits would be taken from them unless they could show justification for the variation from assigned wave lengths.

A nation-wide inspection, made last week, showed half of the stations in the country were off their wave lengths, the radio commission said.

The letters sent to the New York stations will be followed by similar warnings to other station violators, Chairman Bullard intimated.

The stations in New York warned were WJZ, WJLA, WJLB, WJLC, WJLD, WJLE, WJLF, WJLG, WJLH, WJLI, WJLJ, WJLK, WJLM, WJLN, WJLO, WJLP, WJLQ, WJLR, WJLS, WJLT, WJLU, WJLV, WJLW, WJLX, WJLY, WJLZ, WJMA, WJMB, WJMC, WJMD, WJME, WJMF, WJMG, WJMH, WJMI, WJMJ, WJMK, WJML, WJMN, WJMO, WJMP, WJMQ, WJMR, WJMS, WJMT, WJMU, WJMV, WJMW, WJMX, WJMY, WJMZ, WJNA, WJNB, WJNC, WJND, WJNE, WJNF, WJNG, WJNH, WJNI, WJNJ, WJNK, WJNL, WJNM, WJNO, WJNP, WJNQ, WJNR, WJNS, WJNT, WJNU, WJNV, WJNW, WJNX, WJNY, WJNZ, WJPA, WJPB, WJPC, WJPD, WJPE, WJPF, WJPG, WJPH, WJPI, WJPJ, WJPK, WJPL, WJPM, WJPN, WJPO, WJPP, WJPQ, WJPR, WJPS, WJPT, WJPU, WJPV, WJPW, WJPX, WJPY, WJPZ, WJQA, WJQB, WJQC, WJQD, WJQE, WJQF, WJQG, WJQH, WJQI, WJQJ, WJQK, WJQL, WJQM, WJQN, WJQO, WJQP, WJQQ, WJQR, WJQS, WJQT, WJQU, WJQV, WJQW, WJQX, WJQY, WJQZ, WJRA, WJRB, WJRC, WJRD, WJRE, WJRF, WJRG, WJRH, WJRI, WJRJ, WJRK, WJRL, WJRM, WJRN, WJRO, WJRP, WJRQ, WJRR, WJRS, WJRT, WJRU, WJRV, WJRW, WJRX, WJRY, WJRZ, WJSA, WJSB, WJSC, WJSD, WJSE, WJSF, WJSG, WJSH, WJSI, WJSJ, WJSK, WJSL, WJSM, WJSN, WJSO, WJSP, WJSQ, WJSR, WJSS, WJST, WJSU, WJSV, WJSW, WJSX, WJSY, WJSZ, WJTA, WJTB, WJTC, WJTD, WJTE, WJTF, WJTG, WJTH, WJTI, WJTJ, WJTK, WJTL, WJTM, WJTN, WJTO, WJTP, WJTQ, WJTR, WJTS, WJTT, WJTU, WJTV, WJTW, WJTX, WJTY, WJTZ, WJUA, WJUB, WJUC, WJUD, WJUE, WJUF, WJUG, WJUH, WJUI, WJUJ, WJUK, WJUL, WJUM, WJUN, WJUO, WJUP, WJUQ, WJUR, WJUS, WJUT, WJUU, WJUV, WJUW, WJUX, WJUY, WJUZ, WJVA, WJVB, WJVC, WJVD, WJVE, WJVF, WJVG, WJVH, WJVI, WJVJ, WJVK, WJVL, WJVM, WJVN, WJVO, WJVP, WJVQ, WJVR, WJVS, WJVT, WJVV, WJW, WJWB, WJWC, WJWD, WJWE, WJWF, WJWG, WJWH, WJWI, WJWJ, WJWK, WJWL, WJWM, WJWN, WJWO, WJWP, WJWQ, WJWR, WJWS, WJWT, WJWU, WJWV, WJWW, WJWX, WJWY, WJWZ, WJXA, WJXB, WJXC, WJXD, WJXE, WJXF, WJXG, WJXH, WJXI, WJXJ, WJXK, WJXL, WJXM, WJXN, WJXO, WJXP, WJXQ, WJXR, WJXS, WJXT, WJXU, WJXV, WJXW, WJXX, WJXY, WJXZ, WJYA, WJYB, WJYC, WJYD, WJYE, WJYF, WJYG, WJYH, WJYI, WJYJ, WJYK, WJYL, WJYM, WJYN, WJYO, WJYP, WJYQ, WJYR, WJYS, WJYT, WJYU, WJYV, WJYW, WJYX, WJYY, WJYZ, WJZA, WJZB, WJZC, WJZD, WJZE, WJZF, WJZG, WJZH, WJZI, WJZJ, WJZK, WJZL, WJZM, WJZN, WJZO, WJZP, WJZQ, WJZR, WJZS, WJZT, WJZU, WJZV, WJZW, WJZX, WJZY, WJZZ.

TRICE PRETAVLS IN LE BOUEF TRIAL

Franklin, La., July 31.—(AP)—A week end trial prevailed in the trial of Mrs. Ada Bonner Lehouf and her alleged lover, Dr. Thomas E. Dreher, for the murder of her husband. The defense attorneys made ready their legal weapons to continue the fight tomorrow to prevent admission into evidence of the alleged confessions made by the two.

The fight began yesterday with the appearance of Sheriff Charles Peot on the witness stand. Mrs. Lehouf and Dr. Dreher were alleged to have confessed to Sheriff Peot and Chief Louis B. Blakeman, of the Morgan City police force, that Lehouf had been killed by James Beadle, a third defendant, after correspondence between the woman and the physician.

The jury was dismissed from the courtroom as District Attorney Emile Vuilleumier marshaled witnesses to testify that Mrs. Lehouf did make such statements and that they were not made under duress or promises of leniency.

Witnesses Today.

Other witnesses will testify tomorrow concerning the alleged confession of Dr. Dreher after which Judge James D. Simon will determine whether they shall be heard by the jury.

Sheriff Peot, Mr. Vuilleumier and Chief Blakeman said that Mrs. Lehouf had told them she and her husband were forced to a hotel in separate boats on the night of July 1 and that two men approached in another boat. They lured her husband, Mrs. Lehouf was quoted as saying, after which she was fired upon and Lehouf fell to the bottom of the ship.

They said Mrs. Lehouf told them of returning home to Parkersburg, where she was recognized by the assailants, they said, but she was positive the man who fired the shot was not Dr. Dreher because he was of a smaller stature than the physician.

Sheriff's Story.

Sheriff Peot said that Dr. Dreher accused Beadle of shooting Lehouf. The sheriff said Dr. Dreher told him he was afraid Lehouf was going to kill him because of his alleged intimacy with Mrs. Lehouf and that he feared for his life.

Later heavy angle irons were attached to the body and it was dropped into the lake, the reputed confession said. It was found several days later by a party of fishermen.

Efforts of State.

Efforts of the state thus far have been centered upon an attempt to establish that the body taken from the lake was that of Lehouf. The district attorney said later that a dentist by whom he had hoped to prove that the teeth in the body were the same as those he had sold Lehouf and told him he would be unable definitely to determine this fact.

RED STAR LINER CAPTAIN TO END 46 YEARS' SERVICE

New York, August 1.—(United News)—When the Red Star liner Beland sailed out to sea this morning it carried captain Thomas Howell on his last voyage in command of a ship.

Howell is retiring to a land lubber's life on his estate in Wales after 46 years at sea and 28 years as master of ocean-going vessels. He is senior captain of the Red Star fleet.

Howell is 61 years old, soft spoken and his mates describe him as essentially a home-loving man. He ran away to sea at the age of 15.

SEVEN FIREMEN HURT IN LOUISVILLE BLAZE

Louisville, July 31.—(AP)—Seven firemen were injured today in a blaze which destroyed the Kennedy Slaughter automobile warehouse and 150 used automobiles valued at approximately \$200,000. Property damage was estimated at \$800,000. Explosion of gasoline stored in the warehouse, formerly used for tobacco, is said to have started the blaze.

Firemen were hindered in their efforts to fight the flames by intermittent explosions of gasoline tanks in the automobiles. The injured men were hurt by falling bricks and debris. None are injured seriously.

Chicago Blondes turning Red To Avoid Criticism

Chicago, July 31.—(United News). Chicago's blondes are turning red because the Rev. F. V. Loos of Lebec county, Missouri, who has married more than 4,500 couples, says blondes are the dumbest brides.

"It's not the hair, but what's under it that counts," commented one indignant blonde. "It's time folks stopped taking us blondes so lightly," remarked another. "Blondes have brains, all right. That's why men don't know it."

Some Chicago clergymen rushed to the aid of the golden-haired girls while others agreed with their fellow pastors. "It's not the color of the hair, but the coloring of the gray matter that counts," according to the Rev. John H. Deley, of the Thoburn church, one of Chicago's largest Methodist churches.

Rev. Loos is right, but you don't have to marry that many couples to make the discovery," said an official at St. Chrysostom's Episcopal church, which has the record for having married the largest number of Chicago fashionables last year.

"Nine-tenths of the couples I have married have been happy," commented another. "Whether the bride has blonde hair, brown, gray or bald."

COOLDOGES CAUGHT IN DELUGE OF RAIN

Rapid City, S. D., July 31.—(AP)—A severe rain and hail storm overtook President and Mrs. Coolidge on their return by automobile today from service in the Hermann congregation church, 12 miles from the summer white house.

The storm was a virtual cloudburst and the white house limousine was forced down to a small pace, for a long stretch as the torrent made the winding road leading to the game lodge uncertain of travel.

For a time the hail was so thick that it was impossible to see but a short distance ahead. However, as the car was about to be stopped the downpour eased off sufficiently to permit the journey to be continued.

Riding in a closed car, Mr. and Mrs. Coolidge were protected from the elements. Their house guests, however, Mr. and Mrs. Judd Wright, of Brainerd, Minn., and Mrs. Alice Kayser, of Davenport, Ia., cousins of the president, were riding in an open car behind. "Boots" Miller, one of the white house chauffeurs, saved them a drenching by flung water from the curtains but even these could not keep out all of the driving storm.

Behind the heart of the storm, the car was about to be stopped the downpour eased off sufficiently to permit the journey to be continued.

HOME TO SEE JUNIOR

Arriving at the Athletic club a short reception was held after which Bobby and his wife were whisked off to their home. Bobby was to look a look at young Robert Jones III, whose tender age had prevented him from sharing with his sister, Clara, the honor of the welcome.

At 8 o'clock the welcome was continued with a delicious dinner at the Athletic club which was attended by Bobby and his wife.

By Bobby had entertained any doubts as to the love and esteem felt for him by his home people those doubts were forever dispelled by the words of praise that fell from the mouths of Major John Cohen, Mayor Ragsdale, Eugene Black, Scott Hudson and other prominent citizens.

His friends and the honor he brought to Atlanta were stressed in eloquent terms. But what lingered longest in the minds of those fortunate enough to be present were those expressions from those gifted speakers in which the character and personality of Bobby Jones, the man, were enfolded.

Then came a few words from Bobby. Only a few, but in those few the champion made it plain that he appreciated the honor, that he was glad to be back home and that he loved Atlanta.

When Bobby the "Iron Duke" has once more returned from the battlefields of golf. Once more he has carried the colors of Atlanta, the south and the nation to a foreign land.

And once more he has conducted in winning that victory been such as to render him to the land of the invasion even as it has to the land of his native land. Bobby Jones, the man, and with the praises of the world on his head, the "Iron Duke" comes again to those he loves best and who love him best.

Those not fortunate to be at the station to greet the returning champion were not disappointed. The play motion pictures of the event that will be shown all this week in the newsreel at the Howard theater.

COMEDIAN ROGERS IS GIVEN TITLE 'MAYOR EMERITUS'

Hollywood, Cal., July 31.—(United News).—As the Big Ben in the Beverly Hills police station tolled the last stroke of midnight Sunday, that municipality shook itself loose from the "iron-hand" of Mayor Rogers.

At that second Rogers lost his purple toga indicative of the mayoralty and Beverly Hills became California's newest state capital.

Chicks Win 6 in Row To Lead During Week

Heavy Hitters Enjoy Big Time, Collecting Total of 585 Safe Blows.

Memphis, July 31.—(AP)—Clyde Milan's Memphis Chickasaws have not tasted defeat in the last eleven starts and as a result the Chicks have stood out as the heavy hitters among the other seven teams in the Southern association. They played six games since last Monday and on several occasions have snatched victory from what looked like defeat by timely bunched hits.

The Chicks swept Birmingham from the pinnacle in the league during the week by winning three games; they played together, New Orleans going to the top and Memphis climbing to third place. The Barons were again on the verge of being ousted from the lead when New Orleans lost a game to Chattanooga and Birmingham was idle. The Barons were two percentage points in the lead.

Collect Six Hits.

The week's play ending today has been one of the heaviest of the season for hitting, there having been 585 safe blows delivered by the eight clubs. On the other hand the fielding has been of the poorest seen this season, 80 errors having been registered.

There were 22 home runs, seven of which Nashville pounded out. Five went to Mobile, four to New Orleans, three to Atlanta and one each to Birmingham and Chattanooga.

To lead the league with a perfect record in six games, Memphis had 72 hits, made 42 runs, allowed 16 runs and lost three games. The Chicks, who have a record of 10 wins and 10 losses, have made 42 runs, allowed 16 runs and lost three games.

Bargain Rates Bring Rush To Trans-Atlantic Ships

BY SAM LOVE.

New York, August 1.—Within an hour after winter eastbound passenger rates had gone into effect on the Atlantic ocean today a fleet of six crack liners steamed down the Hudson river and out to sea bearing to Europe the season's greatest galaxy of American notables.

Bargain counter prices attracted rich and middle-class alike. Multi-millionaires whose purses would buy ocean-going vessels for their private use mingled with small-salaried newlyweds making their first voyages. Steamship men said the exodus was unprecedented.

The first of the ships, the gigantic United States liner, Leviathan, nosed down the river shortly after midnight. Then followed in quick succession the Cunarders, Aquitania and Franconia, the Red Star's Belgeland, the French Line's France, and the White Star's Olympic.

Notables among the Leviathan's 1,450 passengers were Senator David A. Reed, of Pennsylvania; Mrs. H. H. Reed; Reginald Denham, film actor, and Mrs. Denham; Herman Cron, the big game hunter, and Professor D. C. Jackson, of the Massachusetts Institute of Technology. The ship also carried several representatives of the American Legion bound for France to make plans for the Legion's 1928 convention in Paris.

A large crowd gathered at pier 59 where James (Bud) Stillman and his northwoods bride boarded the Olympic shortly before it left for Southampton and Cherbourg.

The Olympic's passenger list already was bristling with names. Among them were Clarence H. Mackay, Ralph Pulitzer, the Count and Countess Scherz-Thoms, Dr. Daniel Fish Jones, of Boston, Abbe Alder, former light-weight boxer; John leaders.

AIRMAN TO MAKE SHIP HOP TODAY

New York, July 31.—(AP)—After looking over his plane, Clarence D. Chamberlin today made a final inspection of the temporary runway constructed aboard the United States liner, Leviathan, from which he plans to hop off tomorrow 30 miles off Fire Island to fly to the Teterboro air port at Hightstown Heights, N. J.

Chamberlin will make the flight to test the feasibility of launching airplanes from liners to hasten the landing of passengers and mail.

The runway which has been constructed above the superstructure of the ship is 114 feet long and declines at a 3 per cent grade from starboard to port to within ten feet of the side of the ship where it is level for the actual takeoff.

Expects Success.

The trans-Atlantic flyer, after going over the runway, expressed confidence that the flight from the ship to shore could be made successfully.

Chamberlin estimated that his plane will be traveling at 30 miles an hour when he reaches the side of the ship and that with this speed, with the 24 miles an hour at which the Leviathan will

Let Sleep Bring Clear White Skin

While you sleep you can restore your skin to its lovely white clearness. Blackheads, pimples, freckles form a mask over a healthy skin. Underneath every muddy, yellow or rough skin is the original glow of a youthful complexion. Try this 3 Minute Test! Before retiring apply a coat of Concentrated Marba Beach Cream. No soap, no rubbing, the secret is in the cream. Look into the mirror the next morning and you will be amazed to find clear, white softness of your skin. It will astonish you to see the improved condition of your blackheads, pimples, freckles or other skin imperfections you may have. Commented and sold by All Good Drugs and Department Stores.

B. Miller, president of the Southern California Edison company; Constance Talmadge and her mother, Mrs. James K. Hackett; Henry R. Rees and Henry Oliver Rees, of Pittsburgh; Major J. A. Love, of Montreal, and Dr. and Mrs. P. H. McNulty, of Winnipeg.

The Belgeland, bound for Plymouth, Cherbourg and Antwerp, carried John Stewart Bryan, of Richmond, president of the American Newspaper Publishers' association; Mrs. John B. Post and Bentley W. Warren, of Boston; Dr. Marvin M. Cullow, of New York; H. H. Bishop and C. S. Bishop, of Chicago; Mr. and Mrs. Horace Brooks, of Denver, and Daniel Boden, of Pittsburgh.

Leaders in American journalism sailed on the Aquitania, including George B. Parker, general editorial executive of the Scripps-Howard newspapers, with Mrs. Parker and two children, and Arthur Brisbane, editor of the New York American, with Mrs. Brisbane and two children. Other notables aboard the Aquitania were Russell C. Hackwell, partner in J. Morgan & Co.; Herbert L. Pratt, president of the Standard Oil Company; William J. A. Pillsbury, Jackson, of the Massachusetts Institute of Technology.

On the France were Walter Damrosch, New York symphony orchestra leader; Mrs. Damrosch, the Zitenfeld twins, Bernice and Phyllis, 13-year-old swimmers who will attempt to swim the English channel; William J. C. Doudley, of H. Worsley-Spittles, president of the Encyclopedia Britannica, and Raymond Ortel, hotel owner, and Mrs. Ortel.

The Olympic was Chester B. Doubleday, of H. Worsley-Spittles, Assistant District Attorney for J. R. Wallace, and a number of eastern society leaders.

The Olympic's passenger list already was bristling with names. Among them were Clarence H. Mackay, Ralph Pulitzer, the Count and Countess Scherz-Thoms, Dr. Daniel Fish Jones, of Boston, Abbe Alder, former light-weight boxer; John leaders.

SEVENTH DAY IS TRUE SABBATH, SAYS SHAW

be steaming, will give him an actual takeoff speed of 54 miles an hour.

The Leviathan will keep in radio communication with the flying ship until Chamberlin is reported to have landed there.

Destroyer to Stand By.

The destroyer Lawrence will stand by a mile from the liner and the destroyer Humphries will cruise half way between the Leviathan and the shore to give aid in case of an accident to the plane after it leaves the ship. The coast guard destroyer will carry newspapermen and photographers and stay close enough to the liner to afford a good view of the takeoff.

The Leviathan will keep in radio communication with the flying ship until Chamberlin is reported to have landed there.

The Leviathan's new rainbow beacon light, which it will test this trip in foggy weather, will be used to penetrate the fog and the thick weather at the time of the start.

Chamberlin will carry 36 gallons of gasoline, sufficient to give him a cruising radius of 300 miles, which will permit him to stay aloft long enough to find a safe landing should fog obscure the route to Teterboro airport.

COOLIES STRIKE MARTIAL LAW, IS ON IN HANKOW

Hankow, China, July 31.—(AP)—Martial law has been declared after a riot of thousands of rickshaw coolies, who invaded the Chinese chamber of commerce when the latter stopped its donations. The coolies partly wrecked the building and tried to disarm the gendarmes, which was forced to fire. Four of the rioters were killed and many injured.

Seven thousand coolies went on strike and a communist uprising is feared.

DECATUR FARM CLUB MEMBERS HOLD PICNIC

Bainbridge, Ga., July 31.—(Special).—Over 200 people attended the annual rally for club boys and girls of Decatur county yesterday when a picnic was held at Happy Hollow on Spring Creek under the auspices of the agricultural board with Dr. D. E. Sawyer, county agent, assisted by Mrs. Sawyer.

Every district was well represented. Rev. J. E. Ward, Rev. H. H. Shell and Rev. Mr. Chipman, all of Bainbridge, and the district agent, J. A. Johnson, of Macon, were among the visitors present. Exchanges were exchanged and much valuable information was gleaned through the informal gathering.

Let Sleep Bring Clear White Skin

While you sleep you can restore your skin to its lovely white clearness. Blackheads, pimples, freckles form a mask over a healthy skin. Underneath every muddy, yellow or rough skin is the original glow of a youthful complexion. Try this 3 Minute Test! Before retiring apply a coat of Concentrated Marba Beach Cream. No soap, no rubbing, the secret is in the cream. Look into the mirror the next morning and you will be amazed to find clear, white softness of your skin. It will astonish you to see the improved condition of your blackheads, pimples, freckles or other skin imperfections you may have. Commented and sold by All Good Drugs and Department Stores.

Evolution of Airplanes Told in Institute's Book

SMITHSONIAN BODY SPONSORS WORK

Washington, July 31.—(AP)—So that man's unrelenting struggle through the ages to dominate the most obstinate element may be better visualized in its aerodynamic display, the Smithsonian Institution has issued a handbook giving detailed explanations of the exhibits.

From the first flying toy, dating back to 400 B. C., to the modern airplane, all successive victories of man in the field of aviation are exhibited either in models or by the original mechanisms.

The first attempt at a mechanical device, constructed by Archytas of Tarentum, was a wooden bird, the size of a pigeon, probably propelled by compressed air. This device, despite its antiquity, in the opinion of the exhibit, was a more successful flying machine than the modern airplane.

The exhibit includes planes of many nations. The hull of the NC-4, the first plane to cross the Atlantic, the T-2 cross-continent plane, and the flagship of the "round-the-world" flight. The Berliner helicopter represents finally the present trend in aviation developments and the problem on which most of present-day aeronautic study concentrates.

Leonardo Da Vinci was the first to produce designs embodying sound principles.

\$1,000,000 ESTATE SHRINKS TO THIRD OF THAT AMOUNT

West Palm Beach, Fla., July 31.—(AP)—The will of Benjamin Mulford, developer of Salerno, north of here, once estimated to cover the disposal of a million-dollar estate, was held valid by Judge R. P. Robbins in county court here this morning and ordered divided among 24 heirs and friends scattered all over the country.

It was contested by Helen C. Osborn, of Salerno, sister; William R. Mulford, Seattle, Wash., a brother, and Janice Powers, a stepdaughter, who produced an earlier will leaving the entire estate to them. Judge Robbins ruled that a will drawn later was valid.

GAMING HOUSE HEAD INDICTED FOR SHORTAGE

Chicago, Ill., July 31.—Gamblers, who profit through the crimes of embezzlers, are criminally liable as accomplices in the embezzlement, according to the finding of a federal grand jury which held Henry Hunt, alleged proprietor of a gambling house, will Morgan, an employee, and two indictments charging violations of the federal reserve banking act.

John F. O'Connell and Peter Heim, former tellers of the South Side Trust and Savings bank, were indicted a year ago on charges of having embezzled \$132,000 from the bank. They were held in the great part of this money to Hunt and Morgan, betting on horse races.

Hunt and Morgan were arrested today on bench warrants issued by Federal Judge Wham. Hunt posted a \$10,000 bond, but Morgan was unable to find bail. The money was to be used to pay the debts of the bank.

"These men must have had guilty knowledge of the source at which O'Connell and Heim got their money," said the grand jury. The United States District Attorney Hess, who secured the indictments. "These tellers lost \$40,000 to the bookmakers on one occasion alone."

Hunt and Morgan are named on 25 counts in the indictment, each count reciting an occasion on which it alleged tellers visited Hunt's gambling resort to bet money stolen from the bank.

CATHOLIC PRIEST SHOWN AS HERO OF BOAT DISASTER

Chicago, July 31.—(AP)—A Catholic priest, who was too modest to reveal his name, was found today to have been one of the many heroes in the disaster to the ill-fated excursion boat Favorite when it capsized in Lake Michigan.

The priest, a visitor in the city for a few days, took two little girls, daughters of a friend, for a boat trip and chose the Favorite. When the squalls came up the priest first life preservers on his chest and after the boat sank succeeded in reaching them and several other children and bringing them to the side of the vessel where they clung until rescued.

Finally, some of those rescued said he had half a dozen little tots by his side, all clinging to the Favorite when the relief boats came. The priest, found at the home of one of the children he saved, acknowledged he sided in the rescue work, but declined to give his name.

BULLARD IS NAMED MEMBER OF RADIO TELEGRAPH PARLEY

Washington, July 31.—(AP)—Rear Admiral William H. G. Bullard, retired, war-time chief of naval communications, has been designated by President Coolidge as a member of the American delegation to the International Radio Telegraph conference in Washington, beginning October 4. Admiral Bullard will take the place of John H. Hammond, Jr., who has notified the president that he would not be able to serve on the delegation as he had originally expected to do.

GIRLHOOD TO MOTHERHOOD

Iowa Woman Found Lydia E. Pinkham's Vegetable Compound Always Helpful

Vinton, Iowa.—"When I was seventeen years old I had to stay at home from school. I finally had to quit school, I was so weak. I suffered for about two years before I took Lydia E. Pinkham's Vegetable Compound, then I picked up one of your books and read it. I began taking the medicine. Now I am a housekeeper with six children, and I have taken it before each one was born. I cannot tell you all the good I have received from it. When I am not as well as I take it I have been doing this for over thirteen years and it always helps me. I read all of your little books I can get and I tell everyone I know what the Vegetable Compound does for me."—Mrs. Frank Sellers, 519 7th Avenue, Vinton, Iowa.

Many girls in the fourth generation are learning their own personal experiences the beneficial effects of Lydia E. Pinkham's Vegetable Compound. Mothers who took it recommend it to their daughters as a dependable medicine.

Butts County Club Members Hold Picnic At Indian Springs

Jackson, Ga., July 31.—(Special).—The agricultural forces of Butts county held a rally at Indian Springs Friday when the annual picnic for the club was held. The picnic was a success and the members of the agricultural club members were also invited, and there was a large attendance. Addresses were delivered by L. I. Skinner, district agent in tub work, and Miss Lucile Turner, district agent in woman's home economics.

The amusement features, including the swimming pool and bowling alley, were taken over for the day and after the addresses in the morning the young people had a fine outing. A picnic was enjoyed in the Casino at noon.

These club picnics are annual affairs and always prove occasions of interest and pleasure to the boys and girls and their parents.

JACKSON SCHOOL FACULTY COMPLETED

Jackson, Ga., July 31.—(Special).—The election of Miss Juanita White, of Tifton, as head of the expression department of the Jackson public schools, was announced by the board of education. With the election of Miss White the faculty for the 1927-28 session has been completed. The new faculty is going forward for the opening of the fall term of the city schools early in September.

BOND ELECTION DATE SET IN WAYCROSS

Waycross, Ga., July 31.—(Special).—Thursday, September 1, has been fixed by the city commission as the date for the bond election.

This election will place before the voters two issues—one of \$90,000, for the extension of the city sewerage system and \$25,000 for the improvement of the city waterworks. There is a great deal of interest being manifested in this and in all probability a vote on September 1 will be one of the largest in the history of the city.

BANKS SINGING CHOIR TO MEET NEAR HOMER

Alto, Ga., July 31.—(Special).—The Banks county singing choir meets with Bethany Christian church, three miles north of Homer on State Route No. 22, next Sunday. It is announced that a number of prominent singers have promised to attend.

Ira Whitfield is county president and invites everybody to attend.

FOUR COOKS ESCAPE, SEVEN STILL ON JOB

Memphis, Tenn., July 31.—(AP)—There were only seven cooks at the county workhouse today, where there should have been eleven. Four negroes serving sentences for petit larceny and assigned to the kitchen, took advantage of the steward's temporary absence last night and escaped by piling bread boxes against the wall and climbing on to a window and through it to freedom.

Fitzgerald Boy GIVEN MEMORY TEST

Fitzgerald, Ga., July 31.—(Special).—An unusual memory test was revealed here when Ernest, the 12-year-old son of Mrs. Robert E. Lee, president of the Third district Women's club, wrote out 100 auto tag numbers with the owners' names in 15 minutes.

The numbers and names were found to be correct on checking them over by several citizens.

Session Appeal Sent Coolidge

Lake Providence, La., July 31.—(AP)—A third telegram requesting President Coolidge to convene a special session of congress was sent him today by Senator Joseph E. Handwell.

The telegram said: "In view of the inability of the war department to divert \$2,000,000 from rivers and harbors appropriation to assist work of the Red Cross, and our losses in Mississippi levees as planned and to insufficiency of available funds in hands of Mississippi river commission to do absolutely necessary work, I respectfully request my two former telegrams on this subject and earnestly request you to convene congress in extra session not later than October 1 in order that prompt provision may be made to prevent recurrence next spring of this year's awful disasters and to aid the stricken sufferers from the nation's floods in whatever way deemed best by our federal lawmakers."

"The situation in many localities is deplorable, notwithstanding the wonderful work of the Red Cross, and our great government should come to the relief of its people who have suffered terrible losses through no fault of their own and will continue to suffer unless assisted by congress."

"We have often been generous to victims of disasters in foreign lands. Let us now display the same spirit at home and temper our generosity with justice. The engineering studies on measures of ultimate flood relief will be reported to the war department by October 1 and legislative work thereon can begin without delay."

Congress alone can enact laws and provide funds for the mighty task of rehabilitating the Mississippi valley and preventing further floods. Please give it the opportunity at an early date before it is too late."

BACHRACH FIGHTS EXTRA SESSION.

Washington, July 31.—(AP)—Opposition to suggestions by some of his colleagues that congress should be convened prior to its regular December meeting date was expressed today by Representative Bachrach, of New Jersey, a republican member of the house ways and means committee.

He said this committee as well as the appropriations committee received instructions to return early in the fall and would have their respective tasks well in hand for the rest of congress in December. He made no prediction regarding the size of a possible tax cut.

LADY LAUDER, WIFE OF SCOTS COMEDIAN, DIES IN GLASGOW

Glasgow, Scotland, July 31.—(United News).—Lady Lauder, wife of Sir Harry Lauder, famous Scots comedian, died Sunday.

She had followed Lauder through the troubles and eventual triumph of his career. He was a coal miner when, as Annie Vallance, she married him in 1890. She had accompanied him on most of later tour.

ST. MARYS STREETS IMPROVED WITH SHELL

St. Marys, Ga., July 31.—(Special).—Loads of shell are being brought into St. Marys and placed on the city streets, also for filling in the low places at the water front. The space between the city pavilion and the railroad, which will be eventually turned into a small park, is at present being filled in with shell, as the St. Marys river rises so high at flood tides that it sometimes comes over the banks.

Later grass and shrubbery will be planted, benches placed and a sand box built for the children.

Better, better—who has something better?

TO STAND still is to stagnate. We Americans are not content with what we have; we are always looking for something better. We want better and more wholesome foods. We want newer and better ways of doing things—labor-saving devices, short-cuts. We want better educational facilities, better and more comfortable homes, better working conditions. Betterment in progress. That's why every today is better than every yesterday.

Advertising is a medium of progress. Through the advertisements we learn of the newest time and labor-saving machines for home and factory. Advertisements keep us posted on progress in sciences; of the new or improved foods, clothes and the every-day necessities of life.

You have but to look through the advertisements in the newspapers or magazines to find the article you need or want, advertised.

Advertising supplies new ideas, new materials, new methods to a work-a-day world. It helps make today better than yesterday.

The reading of advertisements is a good habit. It contributes to more intelligent living.

Just Nuts

MOON MULLINS—EMMY'S ADVERTISING MANAGER

"A population of 500,000 by 1930" is Atlanta's Slogan. Let's all pull together for a Greater Atlanta.

The Constitution's Weekly Business Review

EDITED BY M. D. GLEASON

There is hardly a need or a want that cannot be filled in Atlanta's stores and factories.

Let Your Envelopes Express Dignity of Your Business

S. Guthman, president of the Atlanta Envelope company, recently happened upon a paragraph that he believes has a message for summer advertisers. It reads: "If the party you wish to reach happens to be away when you run your ad—be sure it is in the hands of the man who will see it. And this is the time of the year when folks are away for shorter or longer periods. If the party to whom you send your letter is away—it waits until he returns. Practicing what he preaches, Mr. Guthman has increased his sales efforts in recent weeks and reports that he is now receiving a good volume of orders from all over the country. His company's newspaper advertising is being reinforced by a consistent mail campaign, featuring samples of the actual envelopes that this company is prepared to furnish.

Mr. Guthman, however, is a stickler for well-made envelopes. In this connection the remarks of one of the big manufacturing concerns in St. Paul, Minn., are of interest. "In our opinion," states this company, "the envelope and the matter which is printed on it should be just as attractive in proportion as the letterhead which is used inside of the envelope. While an envelope doesn't lend itself to fine lithographing and printing quite as well as the letterhead, we feel that the envelope can be made attractive and can be made to express dignity, prestige and that sort of thing, just as other printed matter reflects those features."

The Atlanta Envelope company is the largest manufacturer of commercial envelopes exclusively in the entire southeast and makes practically every type of envelope used by a

Big New Welding Plant Here To Draw World-Wide Notice

Out at the A. & W. P. belt line on South Pryor street is located the new autogenous welding plant of Bird-Potts company.

This is a specially built plant for this specific purpose and is especially equipped to do large and small welding of anything that is made of metal.

This firm has been in the welding business here in Atlanta for near a score of years and have another plant located in the city of St. Louis, Mo., where they have been recognized as the largest metal welding company in the south. It is in the new plant, however, that they expect to do metal welding on a larger scale than has heretofore been attempted in any part of the world.

The senior member, George Bird, has been in the metal welding business nearly forty years, or almost as long as this process of fusing broken parts of steel and other metals has been successfully done, and during this long time Mr. Bird has supervised the welding of many large construction projects in this country and Canada and was also vice president of the emergency fleet corporation during the world war.

Mr. Bird has taken this view of his life-long occupation—the position in metal welding are only limited by man's facilities and opportunity—so he is inviting the best engineers of the world to get in touch with him in working out any great problem that can be better solved by welding two or more parts of metal to become one and thereafter.

In this new plant on South Pryor

Health Experts Give Warning About Drinking Impure Water

Life insurance health experts and statisticians are warning policyholders and the American people generally that those who neglect to drink sufficient water will eventually pay the penalty; also that while typhoid epidemics have practically disappeared in this country, it is still a menace in rural districts and small towns, because of unprotected wells and surface water.

This company has broadcasted further comment as follows:

"It is a curious fact that some people cannot get the water to realize the value of drinking water freely unless they pay a big price for it. Many famous health resorts have built their reputations by making popular the habit of drinking water in generous quantities rather than on the medicinal quality of their mineral springs. And pure water and regularity at home as it is taken at the springs will often produce health 'miracles.' Nowadays good doctors agree that almost everybody, except those who need a special selected diet, should drink water regularly—one glass before breakfast, one in the forenoon, one in the afternoon, one before going to bed and one after rising—six to eight glasses of water a day.

"The doctors say, also, that more than two-thirds of the weight of the body is made up of water. That three

quarts of water a day are needed for the body's daily necessities. If the blood does not get the water it needs—either as a beverage or in food—it will absorb water from the tissues of the body and be overloaded with harmful waste products as well.

"Poisons, produced by our organs in the business of living, are eliminated largely by means of the water. If too little is taken, they tend to remain in the body.

"This summer you probably will be motoring, hiking, or camping out in the country. Take care that the water you drink is pure. Sometimes those cool and inviting rural brooks, springs and old wells carry deadly typhoid germs.

Wherever you live, especially during the summer it is a wise thing to protect yourself. The Pure Water company, 1400 Peachtree avenue, Atlanta, distributors of Bessent mineral springs water, which is received daily from the spring near Lithia Springs; also producers of Pure water (triple distilled) and High Rock spring water (freestone) can supply you on short notice. Their waters are guaranteed to be pure and soft, being recommended by physicians. The price of the waters sold by this company is very reasonable, and prompt service can be given either by truck locally or express or freight to out-of-town customers.

ESTABLISHED CONNECTIONS

Executives want established connections—sources of supply, advertising agencies, and direct advertising organizations—for the same reasons that they want permanent and competent lieutenants. Without a staff the best conceived plans fail.

The RURALIST PRESS has acted for many years as an established connection for many of the largest firms in this territory, and our value to them has grown proportionately.

A Ruralist Press service man stands ready at any time to work with you so that our plan may be the better work for you. A letter or telephone call will bring him to your office.

Health Experts Give Warning About Drinking Impure Water

quarts of water a day are needed for the body's daily necessities. If the blood does not get the water it needs—either as a beverage or in food—it will absorb water from the tissues of the body and be overloaded with harmful waste products as well.

"Poisons, produced by our organs in the business of living, are eliminated largely by means of the water. If too little is taken, they tend to remain in the body.

"This summer you probably will be motoring, hiking, or camping out in the country. Take care that the water you drink is pure. Sometimes those cool and inviting rural brooks, springs and old wells carry deadly typhoid germs.

Wherever you live, especially during the summer it is a wise thing to protect yourself. The Pure Water company, 1400 Peachtree avenue, Atlanta, distributors of Bessent mineral springs water, which is received daily from the spring near Lithia Springs; also producers of Pure water (triple distilled) and High Rock spring water (freestone) can supply you on short notice. Their waters are guaranteed to be pure and soft, being recommended by physicians. The price of the waters sold by this company is very reasonable, and prompt service can be given either by truck locally or express or freight to out-of-town customers.

BETTER BUILDINGS TO STIR INTEREST IN SCHOOLS HERE

Increasing interest in educational matters, not only in Atlanta and the rest of Georgia, but throughout the south, has necessitated the erection of more and better schools. In the opinion of G. Lloyd Preacher, president of G. Lloyd Preacher & Co., Atlanta architects, with offices in the Wynne-Claughton building. The Preacher company recently was commissioned to handle the architectural and engineering work on Atlanta schools in connection with the new \$3,500,000 bond program. It has designed many school buildings in various towns and cities throughout the south.

Decision of the Atlanta board of education to standardize on type, unit sizes, construction and other details of new schools, with plans handled by one architectural firm, will effect large savings in architect's fees and thus make more money available for actual building work, members of the Preacher company stated. The work has been undertaken on a form of contract of the American Institute of Architects, which provides for reimbursing the architect for all expenses incurred in the preparation of plans and specifications, plus a fee for the architect's services.

Appointment of the Preacher company as school architects in Atlanta, which recently was approved by the city council, followed a long period of the ability and equipment of every practicing architect in Atlanta. The board of education, it was shown, authorized its administrative depart-

"FRICK TRACTOR SPECIAL"

The Improved No. 00 Saw Mill

Yielding to the increasing demand for a low-priced practical mill suitable for the Fordson and larger tractors, we have designed and now offer for your consideration, our latest addition to the well-known FRICK line of machinery—"THE TRACTOR SPECIAL." It is of light weight, strongly built, and moved from set to set with little labor and small expense. Where sets are small and moves are frequent, overhead expenses eat up profits with the use of a large, cumbersome outfit. You can save the greater part of this expense by the use of the FRICK "TRACTOR SPECIAL."

SOUTHERN RAILWAY BUYS 33,325 TONS OF STEEL RAILS

Purchase of 33,325 tons of new steel rails, enough to lay 255 miles of track, for delivery during the remainder of 1927, is announced by the Southern Railway system.

Of the total purchased, 33,325 tons will be of the 100-pound weight, now the standard for the Southern's main line, and 4,000 tons of the 85-pound weight. All will be rolled at the Ensley plant of the Tennessee company, near Birmingham, Ala., with the exception of 650 tons bought from the Illinois Steel company for use on the St. Louis-Louisville lines.

This brings the Southern's purchase of rail for 1927 laying to 85,150 tons, sufficient to lay 642 miles of track.

A fringe of false hair was found in the tomb of an Egyptian Pharaoh who ruled about 3500 B. C.

The only large herd of elk left in this country lives in and around Yellowstone National park.

Renovating

THAT MATTRESS OF YOURS

You may know it is uncomfortable and that your rest is not as refreshing as it might be. Is the discomfort worth the price when we can renovate it for you at a very small cost? A large part of our business is mattress repairing and renovating. See us about yours and let us make it as good as new. If not better. It will cost you nothing to find out about it.

HIGH LIGHTS OF HISTORY

U. S. Patent Office.

THE STORY OF THE GEORGIA RAILROAD RAID, WHICH OCCURRED IN THE SPRING OF 1862, IS ONE OF THE MOST NOVEL AND THRILLING CHAPTERS OF OUR CIVIL WAR. FROM A MILITARY VIEWPOINT THE RAID WAS OF NO GREAT IMPORTANCE, BUT IT STANDS OUT AS A STRIKING EXAMPLE OF WHAT HAZARDS MEN WILL DARE IN WARTIME FOR LOVE OF COUNTRY. AT THE TIME OF THE RAID, THE FEDERAL ARMY OF GRANT AND BUELL WERE ADVANCING AGAINST THE CONFEDERATES AT CORINTH, MISSISSIPPI, AND IT WAS GENERALLY BELIEVED THAT IF SUCCESSFUL THERE THE FEDERALS WOULD NEXT STRIKE AT CHATTANOOGA, TENNESSEE.

THE SCENE OF THE FAMOUS GEORGIA RAILROAD RAID-APRIL, 1862.

A PART OF BUELL'S ARMY UNDER GEN. ORMSBY MITCHELL WERE THEN AT SHELBYVILLE, TENN. MITCHELL PLANNED TO INVADE THE EASTERN PART OF THE STATE, MOVE ON HUNTSVILLE, ALA. AND FROM THAT PLACE THREATEN CHATTANOOGA. CHATTANOOGA WAS AT THAT TIME WEAKLY DEFENDED, BUT COULD BE RE-INFORCED READILY FROM ATLANTA OVER THE GEORGIA STATE RAILROAD.

The Georgia Railroad Raid (Part One) by J. CARROLL MANSFIELD

MY PLAN, GENERAL, IS TO SECRETLY ENTER THE ENEMY'S LINES WITH A SMALL BODY OF MEN AND SEIZE A TRAIN ON THE GEORGIA STATE RAILROAD.

AND THEN WHAT?

WHILE MITCHELL WAS PREPARING TO MAKE THIS MOVEMENT, A FEDERAL SPY NAMED ANDREWS CAME TO HIM WITH A REQUEST FOR MEN TO ACCOMPANY HIM ON A DARING EXPEDITION. ANDREWS HAD DEVISED A SCHEME TO SEVER THE CONFEDERATE LINES OF COMMUNICATION SOUTH AND EAST OF CHATTANOOGA, AND HAD RECEIVED PERMISSION FROM BUELL'S CHIEF OF STAFF TO CARRY OUT HIS PERILOUS PROJECT.

WITH THE TRAIN IN OUR HANDS, WE'LL RUN NORTHWARD AND BURN THE BRIDGES BEHIND US—THUS CUTTING COMMUNICATION BETWEEN CHATTANOOGA AND ATLANTA.

ANDREWS UNFOLDED HIS PLAN, WHICH WAS TO BURN IMPORTANT BRIDGES ON THE GEORGIA STATE AND EAST TENNESSEE RAILROADS, TO GEN. MITCHELL, AND WAS AUTHORIZED BY THE LATTER TO TAKE TWENTY-FOUR MEN FOR HIS PURPOSE.

CONTINUED TOMORROW.

REAL ESTATE FOR SALE

Houses for Sale 84

BELIEVING there is a demand for well-built homes on selected lots and will sell quickly if built to suit the necessary requirements we have constructed and just completed two unusually designed and well-built bungalows in the best part of Druid Hills, situated on Emory road near the corner of Barclay road, consisting of four light basements, double garages, good rooms, elevated lot, two baths, laundry, and a large front porch. These homes are now open and will be kept open daily for inspection. These homes are going to be sold for about conservative price and on liberal terms. Consult your agent or write to:

MONTREAL GREETED PRINCE OF WALES

BY A. M. EVANS.
(Copyright, 1927, for The Constitution and The Chicago Tribune.)

Montreal, Que., July 31.—The Wales-Baldwin party arrived in Montreal tonight, greeted by a raucous howling of steamboat whistles and a large concourse of people assembled under the flood lights at the Prince of Wales dock.

The noise-making began soon after British Prime Minister Stanley Baldwin and the two princes came in sight of the illuminated cross on top of Mount Royal, the hill first named by Jacques Cartier almost 400 years ago, and it followed the steamer St. Lawrence up river to the wharf.

The ceremonies at the landing were simple, tomorrow being the big day for the visitors. The Prince of Wales, followed by his brother, George, Prime Minister Baldwin and Mrs. Baldwin, stepped down the gang-plank. In a small pavilion Mayor Mederic Maritz, the ex-chancellor, with his gold chain of office around his neck, welcomed the travelers. He is one of Wales' old friends, and at Christmas time the mayor sends the heir to the throne a box of cigars which he affirms he has made with his own hands. There was the usual shaking of hands among dignitaries of various sorts and the Wales-Baldwin party drove to the Ritz-Carlton hotel.

Tomorrow there will be various entertainments, chief interest lying in Mr. Baldwin's address at the Canadian club luncheon.

The welcome to Montreal was the end of a gorgeous sparkling Sunday spent sailing up the St. Lawrence from Quebec to Montreal through the land of the old voyageurs. It was crowded by historical coloring. Mr. Baldwin spent most of the voyage sitting on deck alone with Mrs. Baldwin, smoking his pipe. He has switched from the old briar to one of the old-fashioned cherry-wood pipes. It is his inseparable companion and he keeps it going like a blast furnace. The prince took it easy and at dinner, when Wales appeared in a blue pin stripe sack suit, he had lost the jaded look he wore at Quebec and appeared refreshed.

This morning the prince and the prime minister and Mrs. Baldwin attended divine services at the Anglican cathedral at Quebec, conducted by the Lord Bishop of Montreal, the Most Reverend John W. Bale, of Rome.

The U. S. JAZZ PLAYERS PLANNING TO FIGHT EUROPEAN RIVALRY

(By Leased Wire to The Constitution and The Chicago Tribune.)

New York, July 31.—Turn about is fair play, say jazz band players.

Not even the revered Paul Whiteman and his players have been able to tour Europe without embarrassment because somebody is almost certain to emit a loud squawk and declare the Americans are throwing good native-born waltz and saxophone artists out of jobs.

Now American jazz players—130,000 of them, if you believe Joseph N. Weber, president of the American Federation of Musicians—are going to make it hard for foreign musicians to play in America. If they have their way about it, anybody found with so much as a German harmonica will be stopped at Ellis island.

So there is now a protest before the labor department, based on importation of an orchestra brought from France to the Broadway night club, from which seven Americans were dismissed to make room.

SPIRITED DEMAND SEEN FOR CATTLE IN BUTTS COUNTY

Jackson, Ga., July 31.—(Special.) The spirited demand for good dairy cattle is an indication of the growth of this industry in Butts county. Buyers are in the field and good cows are declared to be scarce and hard to find. Buyers from south Georgia, which buys annually several thousands of Butts county cattle, have engagements to arrive here within a few days to begin rounding up shipments.

The demand for cattle to be shipped out together with the fact that more farmers are turning to dairy farming as a source of dependable cash income, has a tendency to drive up the price of dairy cattle. Experienced buyers declare good dairy cows of known production record are higher than they have been in a number of years at this season.

The importation by Butts county farmers of carloads of dairy cows from Wisconsin, North Carolina and Tennessee has greatly increased the quality of dairy cows here.

CHATTOGA MASON MEET AT TRION

Summerville, Ga., July 31.—(Special.)—The annual meeting of the Chattooga county Masonic convention, which met Wednesday with Trion lodge at Trion, adjourned Thursday afternoon after one of the best meetings in the history of the organization. Visiting lodges were in attendance from all parts of northwest Georgia, as well as from points in Tennessee and Alabama, and some prominent speakers were present, among them Congressman M. C. T. T. of Dalton; Judge John W. Bale, of Rome.

The appointment of officers for the ensuing year resulted as follows: A. E. Strange, of Berryton, worshipful master; J. W. A. Justice, of Trion, senior warden; J. L. Hall, of Menlo, junior warden; S. C. Martin, of Summerville, secretary-treasurer, a position he has held for 20 consecutive years without missing a meeting.

The appointive officers were announced as follows: R. P. Brison, of Holland, senior deacon; J. T. Hall, junior deacon; C. P. Hamilton, of near G. Martin, of Summerville, O. T. House, of Holland, junior steward.

BUTTS COUNTY FARMERS TO PLANT COVER CROPS

Jackson, Ga., July 31.—(Special.) Farmers of Butts county are preparing to plant a large acreage in alfalfa this fall, according to H. G. Wiley, county agent, who is now looking out for seed and selecting land of suitable type for the cultivation of this important hay crop.

Many fields of alfalfa are now growing in the county and without exception the farmers are delighted with the success of the crop, the yield and value as a feed crop. In addition to planting largely of alfalfa the usual large acreage in vetch will be sowed, burr and crimson clover planted and soil building and grazing crops put out on an increased number of farms.

Dairy farmers in particular are interested in winter grazing crops and many will also plant clover and vetch for the fertilizer value.

STATSBORO GETS FIRST COTTON BALE

Sta. shore, Ga., July 31.—(Special.)—The season's first bale of cotton was sold at Statboro today at the courthouse square by Newt Atkins for 20 cents a pound. The cotton was purchased by Bill H. Simmons, local cotton buyer.

Two other bales are reported as having reached town a short time after the Atkins bale was received.

\$14,000,000 SURPLUS ISSUED BY NEW YORK

Albany, N. Y., July 31.—(AP)—A free cash surplus of almost \$14,000,000 is in the New York state treasury, according to the annual financial statement of Governor Smith made public today. The governor called attention to the fact that since his last statement the government has been reorganized, grouping the two hundred special agencies of the state into 18 and that because of the incomplete transition statistical comparisons were difficult.

The total increase in the cost of government in 1927 over 1926 he placed at \$29,807,871.61. More than \$28,000,000 of this increase was for high schools and bridges, education and debt service.

Governor Smith declared that there are fewer persons on the state's payroll than at any time prior to consolidation.

Methodists To Hold Training School At Dawson Church

Arlington, Ga., July 31.—(Special.) The Sunday school board of the American district is making plans for a standard training school to be held at the Dawson Methodist church September 5-9.

The faculty of the school will include Dr. Luther Rosser, of Wesleyan college, Macon; Rev. C. M. Meeks, pastor of the Dawson church; Rev. G. C. Clary, conference superintendent of Sunday schools, and Miss Julia Butler, a member of the conference staff, all of whom are specialists in Sunday school work.

Each night's session will open at 6:45 o'clock with 15 minutes devotionary service. The regular class periods will run from 7 to 8 o'clock and from 8:10 to 9:10 each evening during the five days. This will permit students to be sufficient to obtain two credits in the standard training course offered by the general Sunday school board of the M. E. church, south.

Rev. E. M. Werby, presiding elder of the American district, is education director of the Dawson training school, and the members of the Dawson Methodist church will act as hosts.

MELON SEASON ENDS SOON AT AMERICUS

Americus, Ga., July 31.—(Special.) The melon season in Sumter county. Approximately \$25,000 worth of melons were shipped from Americus and other local points in the county last week, according to E. A. Clifton, county agent, who handled about half the shipments made. Thurman groves are planting melons in Sumter county the past week, but previously Watson moved in heavy volume and with good demand from this section.

The melon crop as a whole this season has been one of doubtful profit to producers, according to the county agent. Prices received during the early season were very satisfactory, but these declined rapidly as the season advanced, and very low prices now prevail here. Inferior melons produced in a number of instances, together with large numbers of small melons dumped on the market recently by growers who have been cleaning up decreasing prices last week.

FUNERAL IN AMERICUS FOR MRS. LUCY WALTERS

Americus, Ga., July 31.—(Special.) Funeral services were held here this afternoon for Mrs. Lucy Walters, 78, who died Saturday at the home of her daughter, Mrs. T. M. Furrow, on Lee street road. Mrs. Walters was a native of Sumter county, where she spent her entire life. Early in life she united with the Methodist church and upon the organization of Lee Street church here a few years ago she became a charter member of that congregation.

Funeral services were held from the Lee Street Methodist church, conducted by Rev. E. M. Overby, presiding elder of American district, assisted by Rev. W. M. Haywood, of Marshallville, and Rev. L. E. Storer, of Lee Street church. Interment was in Oak Grove cemetery.

Mrs. Walters is survived by one daughter, Mrs. Furrow, to whom she resided, and son, George W. Walters, both of Americus.

SCREENED QUARTERS FOR NEGROES URGED

Americus, Ga., July 31.—(Special.) Dr. W. H. Houston, county health officer here, is urging farm owners to provide screened quarters for their negro tenants. This, according to Dr. Houston, in combination with adequate rural sanitary drainage will permanently solve the public health problem of Sumter county.

Already, he says, general conditions here are excellent, but he insists that if the work already accomplished is to be the best results to residents here that certain sanitation and drainage problems must soon be undertaken and carried to successful conclusion.

NEW YORK, N. Y.

Virginia Dies in Crash

Norfolk, Va., July 31.—(AP)—H. Woodfin Beale, of Franklin, Va., member of a widely known Southampton county family, was killed outright and D. H. Butler, also of Franklin, was injured early this morning when the automobile Beale was driving crashed into a standing freight train at the Seaboard Air Line railway at Franklin street crossing. Beale apparently failed to see the train until it was too late to halt the speed of his car.

Motor Trade Was Spotty, Business Fair, Last Week

New York, July 31.—(By The Associated Press.)—Ascendancy of General Motors corporation as the pre-eminent industry organization in the world, in point of earnings capacity, was the outstanding feature of last week in the world of business. Earnings for the first half of 1927 amounted to the enormous aggregate of more than \$129,000,000, surpassed only once in history, and never in peacetime. The only corporations which ever exceeded the current earnings of General Motors in the war year of 1916. Steel earnings for the first six months of 1927, while not unsatisfactory did not reach the \$100,000,000 mark.

Business as a whole made a reasonably fair showing during the week. Steel displayed numerous signs of picking up, and predictions of high executives in the industry pointed to a steadily expanding scale of operations during the remainder of the year, buying of structural steel and material used in the manufacture of farm implements, on a hand-to-mouth basis, but material used in building railway rolling stock was slow. Steel scrap prices tightened somewhat, but pig iron and metal prices were better.

The motor trade, aside from the exemplification of its importance in the world of business, was a story of mixed fortunes. The regular car market was spotted. Some companies were operating at a good percentage of capacity, while others were making time pending the appearance of new models, and current hints that a struggle for supremacy in the automobile market is impending. Tire reduction in the price of castings to motor car makers.

The oil industry was still struggling with its problems of production. Leading producers in the troublesome Seminole field of Oklahoma launched a new effort to curtail the output of crude, by agreeing to restrict production 450,000 barrels a day. Ray Collins was retained as an umpire over the field, to act with a committee of operators, and the cooperation of the Oklahoma corporation was counted as an asset in the fight.

Commodity Prices Steady. Commodity prices held fairly steady, with gains topping declines. Corn was on the upside, while wheat was reactionary. Crops were reported in excellent conditions, and the expectation of a prosperous season for farmers brought prospects for increased business to farm implement lines. In an effort to facilitate the movement of the enormous harvest of the Near East, the Kansas City Reserve bank reduced its rediscount rate from 4 to 3 1/2 per cent, at least for the crop-moving period.

The action of the Kansas City institution, together with decidedly erratic, led to hope in some quarters that a similar reduction might follow in the New York rate, but this hope was not universally held among well-informed bankers. Time money declined during the week, and call money fell as low as 3 1/2 per cent, with funds available, except in the crop-moving period.

Bank clearings receded from the figure of the week before, but gained over those of the same period of last year. For the tenth consecutive week, freight loadings fell below the average for the corresponding week of 1926. The figure topped the million car mark, however. Textiles in the main, showed increased activity and a better movement was reported in coal, lumber, shoes and hardware. Wholesale and retail business was stimulated by seasonal "reduction sales."

OHIO COAL MINES READY TO OPEN

Columbus, Ohio, July 31.—(AP)—Long expected reopening of coal mines in several Ohio fields with non-union men is predicted for this week. Authorities have announced that they are watching the situation closely and no trouble is expected.

Governor Donahue was informed from several official sources yesterday that reports of disturbances between idle union miners and non-union workers had been "grossly exaggerated." Colonel C. M. Hartway, of the Ohio national guard reported to the governor following an investigation tour "that all is quiet" in the Hocking Valley region near Nelsonville, and that there is no need for intervention in a tense county.

Colonel Robert H. Haubrich, who returned from an investigation into Columbiana county told the governor that the Seger fuel company "misrepresented the situation" in asking state protection. He found that Sheriff George Wright, of Columbiana county had the situation there in hand.

Prosecutor Paul V. Wadell, of Belmont county reported to the governor's office that six mines planned to reopen shortly in Belmont county on a non-union basis. United mine workers headquarters at Bellaire stated it had information that the Clarkson Coal company planned to open four mines during the coming week.

From Martin's Ferry it was reported that supplies stored at the Florence mine near there were being taken for contemplated reopening of the mine with non-union workers were stolen during the week end.

Sheriff Clyde C. Hardest, of Belmont county, cautioned that a large number of men in preparation for any emergency that may arise in connection with contemplated mine openings. He reported that union miners have established picket lines at several mines. No disorder has been reported however.

Fields in other sections of the state were reported quiet over the week-end.

FINE SEASON SEEN AT INDIAN SPRINGS

Jackson, Ga., July 31.—(Special.) Indian Springs, noted as a health and pleasure resort, is having its best season in a number of years and all hotels and boarding houses are crowded with guests. There is the usual large number of visitors from Florida cities, while Georgia, particularly south Georgia, is well represented and visitors are present from all sections of the country. The season will continue throughout August and until early fall.

Some of the hotels are considering installing heating systems and remodeling open areas around. Indian Springs will soon have the convenience of electric lights if plans now being worked out by a large power company materializes.

LOUISVILLE PASTOR HOLDING REVIVAL

Louisville, Ga., July 31.—(Special.) Rev. W. M. Marshall, Jr., pastor of the Louisville and of the Bartow Baptist churches, is carrying on a revival at the Bartow church. He is doing the preaching.

On the second Sunday in August revival services will open at the Louisville Baptist church, Rev. Marshall announces. Rev. E. C. McConnell, Jr., pastor of the Union Baptist church will assist in this meeting and do the preaching.

BUTTS COUNTY COTTON CROP IS FORWARD

Jackson, Ga., July 31.—(Special.) The first open boll of cotton reported in Butts county this season was on July 30, 12 days ahead of last year. Cotton is two or three weeks earlier than in 1926, and with the exception of some boll weevil damage and shedding caused by excessive rains, the crop is declared to be doing well.

The first bolls sold here last year was on August 31, but this year cotton will be moving to market freely by August 15.

Virginian Dies in Crash

Norfolk, Va., July 31.—(AP)—H. Woodfin Beale, of Franklin, Va., member of a widely known Southampton county family, was killed outright and D. H. Butler, also of Franklin, was injured early this morning when the automobile Beale was driving crashed into a standing freight train at the Seaboard Air Line railway at Franklin street crossing. Beale apparently failed to see the train until it was too late to halt the speed of his car.

VALDOSTA YOUTH DIES IN ACCIDENT

Valdosta, Ga., July 31.—(AP)—Collier Parrish, 19, was killed and Edwin Davis was seriously injured late today when an automobile driven by Parrish turned over in rounding a curve near here. Davis was brought here by passing motorists for treatment.

Parrish is survived by his parents, Mr. and Mrs. Ernest Parrish, of this city.

ONE MAN IS KILLED AND FIVE OTHERS HURT BY TORNADO

Taunton, Mass., July 31.—(United News).—One man was killed and at least five others were injured and considerable property damage was caused by a tornado which struck Rehoboth, near here, about 7:30 tonight. The dead man, Roland Inherwood, of Taunton, was driving a car in which the five other persons were riding. The car was picked up and carried several feet, crashing into a tree. Occupants of the car were removed in an ambulance to the Morton hospital at Taunton. Their injuries were not serious.

The Rehoboth postoffice, a small building, was thrown off its base and whirled about, trees were blown down and a large shed in the rear of a church was shattered by the terrific wind. Telephone communication was interrupted.

MORTUARY

FRANCIS BRUNETTE. Francis Brunette died Sunday afternoon at his home, 569 Lawton street. In addition to his wife he is survived by a daughter, Miss Katie Brunette; two brothers, W. G. Brunette, of Eastland, Texas, and F. S. Brunette, of Naples, Texas, and three sisters, Mrs. Mary Smith, of Naples; Mrs. Lee Knight, of Tahoka, Texas, and Mrs. Nannie Smith, of Macon. Funeral services will be announced later by Barclay and Brandon company.

WATSON INFANT. The infant daughter of Mr. and Mrs. Theodore Watson died Sunday morning at a private sanitarium. Funeral services will be held at 1 o'clock this morning from the chapel of Harry G. Poole.

MRS. J. W. WORTHLEY. Mrs. J. W. Worthley, of 586 Fair street, S. E., died Sunday morning at a private sanitarium. She is survived by her husband, Mr. J. W. Worthley, and two sons, T. Q. Worthley, of Detroit, and James P. Worthley, of Cincinnati, and two daughters, Mrs. Wallace and Mrs. J. H. Fisher, of Atlanta. Funeral services will be held at 2:30 o'clock this afternoon from the Baptist church, at Seaside, Ga. The funeral party will leave from the chapel of Harry G. Poole, of 222 Flora avenue, S. E., at 1 o'clock. A. S. Turner is in charge.
